If your business requires you to travel internationally, you need your PC to be functional in order to be effective. With HP Next Business Day Support for Travelers, you can travel with the peace of mind that your computer can be repaired while you are on the road.

**Service benefits**
When you’re covered by HP Next Business Day Support for Travelers, you get:

- Prompt, reliable remedial services with Next Business Day Onsite response time in many countries
- Local language remote problem diagnosis
- Adding Accidental Damage Protection (ADP) provides protection against accidents that render the unit inoperable
- Adding Defective Media Retention (DMR) allows you to keep your hard drive in the event of failure while abroad, allowing you to maintain control of sensitive data

This HP Care Pack Service works in conjunction with your standard limited HP product warranty, and its duration is measured from your hardware purchase date.
Coverage when and where it counts.

HP Next Business Day Support for Travelers is ideal for those who travel internationally, and want to have the same type of coverage—Next Business Day Onsite, Accidental Damage Protection (ADP), or Defective Media Retention (DMR)—while abroad, thereby limiting downtime and enhancing productivity.
