As a provider of IT investment solutions to the education sector, we understand many of the unique challenges you and your schools face and can help you develop a long term sustainable staff/student device technology program. Our dedicated Public Sector Financial Area Managers can assist you in developing an IT investment strategy focused on an ongoing technology refresh, financial predictability and life cycle asset management to provide technology in the classroom for staff and students that can lead to better educational outcomes.

Being able to provide the latest and greatest personal computers that are light, portable and collaborative for your students, while managing ever reducing budgets, is easier than ever. HP Financial Services is your bridge between IT and Finance. With our flexible IT investment solutions and unique asset management services, we can help you and your students achieve more than you may have ever thought possible.

So preserve your budget. Acquire the latest HP IT solutions for a predictable payment and refresh your technology sooner and easier. And we can help you securely and efficiently manage your old equipment, while meeting environmental regulations.

With HP Financial Services you can:

- Utilize the latest IT Technology and refresh your technology when needed
- Please students and parents by offering them the best in IT Technology while keeping costs to a minimum
- Avoid large cash outlays
- Lower Total Cost of Ownership throughout the asset lifecycle. More Equipment for less overall cost.
- Keep your costs predictable with an easy payment plan
- Manage your school's budget and minimize increases in school fees
- Increase flexibility and choice

Most importantly: No more old equipment. Your students can learn with the latest HP laptops, desktops, tablets and printers. You maintain your reputation as a premier educational institution.

Contact your local HP Financial Services representative for further details and assistance.
