HP ENVY x360 15-aq103nn

360° of endless versatility

A work device with entertainment aptitude. A media machine with productivity power. Versatility makes a difference. The brilliantly flexible ENVY x360 bends beautifully to all your needs. Get more work done, get more from your entertainment, and do it all with power and performance.

Ingeniously versatile
The thin, all-metal body and 360º hinge give you four modes to work any way you want. Shift from productivity mastermind to multimedia marvel with ease.

Stunning views
With a 39.6 cm (15.6") diagonal IPS Full HD[1] or 4K[2] display on selected models , all your entertainment and creative projects can shine. Edit photos and stream your media with perfect clarity.

Superb performance
With next-generation Intel® Core™ i processors[3] and up to 16GB of RAM, you can harness superb productivity power, and keep going with up to 9.75 hours of battery life[4].

[1] Full high-definition (FHD) content is required to view full FHD images. [2] 4K content is required to view full 4K images. [3] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. [4] Battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See http://www.bapco.com for additional details.
