

HP t5740e Thin Client

PC performance, Thin Client reliability

Packed with the latest technology, the HP t5740e delivers true PC performance, flexible expansion and reliability in client virtualization environments.

Leading edge technology

The HP t5740e combines the Intel Atom N280 processor and GL40 chipset, DDR3 RAM, and native dual-monitor support with VGA and DisplayPort connectors for impressive price/performance. The low-power HP t5740e meets stringent ENERGY STAR® requirements and complies with the EU's EuP Directive.

Smart, flexible design

Easily extend the life of the system with a simple memory upgrade in the open RAM slot or add in cards to the optional PCIe x4/PCI Expansion Module. Connect a variety of peripherals with eight USB 2.0 (including two in a securable compartment) and legacy ports. Use the standard Gigabit Ethernet or choose the integrated wireless. Make the most of your workspace by using the HP t5740e in a horizontal or vertical position, mounting it under a desk or on a wall with the optional HP Quick Release, or adding the HP Integrated Work Center Stand for all-in-one convenience.

Exceptionally simple experiences

Quickly deploy familiar, reliable computing experiences and enjoy enhanced security and easier management.

Feature-rich Windows Embedded Standard 7 combined with industry-leading software from HP, Citrix, VMware and more deliver PC-like experiences in a variety of virtual desktop environments.

Pre-loaded with HP's innovative management offerings for SMB to enterprise, HP thin clients can be easily managed from a single console, freeing IT staff from common PC break/fix and help desk tasks and leaving more time for strategic IT.

Trusted partner

With the HP t5740e thin client at the desktop, HP's proven portfolio of desktop-to-datacenter hardware, software and services will help you create a thin computing solution that improves your IT and user experience. You can also select from a range of HP Care Pack Services to extend your protection beyond the standard warranties ¹.

Accessories and Services

HP Quick Release

A secure and easy-to-use mounting solution for your VESA-compliant HP thin clients, compatible HP flat panel monitors and other HP desktop products. Attach to any a compatible stand, bracket or wall mount and make the most of your workspace.

Product number: EM870AA

HP Integrated Work Center Stand

Easily attach a 17-, 19-, or 22-inch HP LCD monitor and an HP Compaq dc7800 Ultra-slim Desktop PC or HP Thin Client on a single stand for the convenience of an "all-in-one" form factor [1] for the exact desktop configuration you need. IWC stand GN783AA and GN783AT now includes the 8000 series rear panel cover, so it does not need to be ordered separately on top.

Product number: GN783AA

HP USB Smart Card Keyboard

An innovative full-sized keyboard that uses Smartcard technology to prevent unauthorised access to your desktop PC and business networks.

Product number: ED707AA

HP t5740/t5745 PCI Express 4x/PCI Expansion Module

Extend the capabilities of your HP Thin Client or HP Streaming Client with this PCIe x4/PCI Expansion Module. The HP Expansion Module gives you PCIe x4 expansion capabilities, or it can be configured instead to add a PCI 32-bit expansion slot. The Expansion Module also adds a parallel port and a second serial port.

Product number: AZ551AA

HP DisplayPort to DVI-D Adapter

Converts the DisplayPort connector on a HP Compaq Business Desktop computer to a single link DVI-D port. The adapter has a latching DisplayPort connector on one end and DVI-D connector on the other for connecting to a DVI-D monitor cable.

Product number: FH973AA

3-year next business day exchange

HP provides quick replacement of your failed hardware unit the day after it goes down, if the problem can't be resolved remotely.

Product number: U4847E

² Units sold separately.
