HP JetAdvantage solutions give your business a competitive edge

Technology advancements in business—mobility, the cloud, security, and fleet management—evolve rapidly. The HP JetAdvantage Compatibility Guide provides a comprehensive solution portfolio that works with the latest HP Printers, MFPs' and scanners. Find the HP device or solution to meet your business need.

HP Accreditation, Certification and Test (ACT) program works to ensure development of the highest quality Partner solutions that integrate with HP software and devices. The ACT quality program audits and certifies HP JetAdvantage branded solutions and partner solutions sold by HP. HP recommends using the most recent software and firmware updates available and reviewing solution requirements specific to your printing needs.¹ Please contact an HP sales representative for more information to ensure compatibility in your region.

Footnotes 9

HP Access Control Secure Printing and Job Accounting Solution

Reduce unclaimed print jobs and increase efficiency. Users can print to a secure network, authenticate with ease, and retrieve jobs when necessary—even on the go.

HP Capture and Route

Enable users to easily convert paper documents into a variety of digital formats, making it one-button simple to route information where it is needed.

HP Digital Sending Software

Server-based capture solution with a common administrative and end-user interface that enhances digital sending across HP LaserJet MFPs, HP digital senders, and HP Scanjet network devices.

HP Embedded Capture

Create a workflow just for you. Scan and distribute documents more efficiently, using HP Embedded Capture. Integrate scanning into your routine tasks, and get info where it needs to go—quickly.

HP and Hyland OnBase

Electronically capture, manage and route paper-based information while streamlining and automating paper-intensive workflows.

HP JetAdvantage Connect

Seamlessly leverage existing IT network tools and policies to manage mobile printing. Securely print from a variety of smartphones and tablets as easily as from a PC. For more supported devices, go to hp.com/go/hpjetadvantageconnect.

HP JetAdvantage Insights³

Gain powerful insights and understand the company's printing environment. Accurately monitor every device in the fleet—including non-HP and PC-connected printers. Influence printing behavior to make the best use of devices. For more supported devices, go to hp.com/go/hpjetadvantageinsights.

HP JetAdvantage Private Print

A cloud-based Private Printing solution where you can safeguard your documents as you print to an HP cloud queue, then authenticate and print from your supported HP printer or MFP.

HP JetAdvantage Secure Print

Our most robust SaaS pull print app, compatible with any HP or non-HP printer or MFP on your network. Print jobs can be held in the cloud, on the user's client, or both, and is compatible with a range of authentication options, including card readers and QR codes. For more supported devices, go to hp.com/go/JetAdvantagesecureprint.

HP JetAdvantage Security Manager

Gain control of your fleet with an effective, policy-based approach that streamlines and automates the process of securing devices, saving you time while strengthening compliance and reducing risk. For more supported devices, go to hp.com/go/securitymanager.

HP and LRS VPSX for Output Management

VPSX and its extensions establish a flexible, scalable print management Middleware that minimizes the cost and complexity of supporting business printing.

HP Multi-Protocol Proximity Card Reader

HP Multi-Protocol proximity card readers are designed to leverage your existing card system for applications beyond physical security.

HP and Nuance SafeCom Security and Job Accounting Solution

Centralize print administration, ensure document confidentiality, eliminate waste, and correctly allocate printing costs.

HP and Nuance Equitrac Security and Job Accounting Solution

HP and Nuance Equitrac solutions help you monitor and control printing to meet print strategy goals, enhance device and user efficiency, and maintain data privacy—all in a versatile, easy, and cost-effective way.

HP and TROY Font Memory Kits

Add high-quality MICR printing capabilities to your existing HP LaserJet printer. With the addition of a TROY Font DIMM or Font Memory Card, the TROY Security Fonts will be added to your printer.

HP and TROY Locking Paper Tray

Provide the ability to secure paper stock in lockable input tray when printing important information in a public workgroup accessible environment.

HP and TROY MICR Printer

Print checks securely on blank check paper stock and use intuitive features—including MICR toner sensing, key locks, paper tray locks, and paper tray shielding—that help assure quality, prevent theft of check stock, and control access to the printer.

HP and TROY MICR Secure Toner

Deter fraudulent activity with a design feature that reveals a red stain to highlight potential chemical alterations.

HP and TROY Prescription Printing

A practical and cost-conscious alternative to preprinted prescription pads and security paper, helping to prevent unauthorized copying, modification, and counterfeiting of prescriptions.

HP and TROY MICR Signature and Logo Kit

Convert your signature into a secure, digital image unique for your use.

HP and TROY Secure Document Printing Solution

Embed fraud prevention technologies into your most critical documents, using HP LaserJet black-and-white PCL5 printers and plain paper.

HP and TROY Security Printer

Safeguard sensitive paper stock with secure locking trays, providing only authorized personnel with access.
