

# HP Scanjet N7710 Document Sheetfeed Scanner

Scan piles of documents at up to 35 ppm/70 ipm using the 50-page ADF and capture business cards, embossed cards and more. Create an individual document archive or integrate seamlessly into existing document management solutions.

**The HP Scanjet N7710 Document Sheet-feed Scanner is designed for business users who want a fast duplex sheet-feed scanner capable of providing distributed document capture for professional document management systems.**

**Capture documents at up to 35 ppm/70 ipm – including embossed and business cards.**

Capture your paper documents for digital archiving at up to 35 ppm/70 ipm. Speed up your scan process with HP Smart Document Scan Software features including automatic blank page removal, colour drop-out and direct scanning to SharePoint Portal. Create up to 30 customised scan profiles and start them at the touch of a button. Scan business cards and embossed cards. Enjoy the convenience of desktop copying with dedicated scan-to-printer functionality.

**Scan up to 1500 pages a day quickly and reliably with ultrasonic double feed detection.**

Scan up to 1500 pages a day. Leave up to 50 pages to scan unattended using the automatic document feeder – capture both sides in one pass. Be sure that every single page of a batch of documents feeds through with ultrasonic double feed detection. Get the best scan quality and minimum file size, without compromising on speed, with market-leading Kofax® VirtualReScan®. Maximise your productivity with Instant-On technology and fast transfer of high resolution data via USB 2.0 hi-speed.

**Create your own document management system or integrate seamlessly into existing solutions.**

Create an archival document management system out of the box with ScanSoft® PaperPort®. Convert scans into editable text with included I.R.I.S. Readiris™ Pro OCR software – extract data from your paper documents for further processing. Seamlessly integrate the scanner into existing document management workflows with included ISIS® and TWAIN drivers. Save files in formats suitable for long-term archiving such as TIFF and PDF/A – and with minimum file sizes.
