

**HP Premium Instant-dry Satin Photo Paper with an improved satin finish achieves deeper blacks, more vivid colours and better gloss uniformity. Enjoy the versatility of great results on both Original HP dye- and pigment-based inks.**

**Graphic art/photography professionals and Print Service Providers seeking unrivaled image quality and the productivity benefits of instant-dry prints.**

Produce professional, polished prints – the improved satin finish provides better texture and higher gloss uniformity compared to the previous version.

Save time and money with instant-dry prints that are ready for immediate handling and lamination, right off the printer.

Notice the deeper blacks across the board and more vivid colours, compared to the previous version, with Original HP dye-based inks

# HP Premium Instant-dry Satin Photo Paper

## Compatibility

For compatibility information, please refer to the latest Large Format Supplies Compatibility chart on [www.hp.com/go/designjet/supplies](http://www.hp.com/go/designjet/supplies)

For the latest ICC/media profiles, please visit [www.hp.com/go/designjet/supplies](http://www.hp.com/go/designjet/supplies) (click on ICC profiles and select your printer). For non-post script printers see your external RIP vendor.
