

HP ProBook 5320m Notebook PC

Style Meets Substance

HP's thin and sleek business notebook combines performance and affordability with a 33,7 cm (13.3") diagonal display.

HP recommends Windows® 7.

Sleek design

The HP ProBook 5320m Notebook PC has an ultra thin design with 23.5 mm thickness. Built with aluminum display enclosure and magnesium alloy chassis, the HP ProBook 5320m is extremely resistant and reliable, ideal for highly mobile users. The 33,7 cm (13.3") diagonal LED-backlit HD ¹ display increases battery life while improving image quality.

Powerful performance with flexibility

Choose from between powerful, standard voltage Intel® processor Core™ i3 ² and i5 ² processor or an ultra-low voltage Celeron processor.

Smart technology

Easily connect your HP ProBook 5320m Notebook PC to high resolution video devices via Display Port or to legacy displays and projectors via VGA port ³.

HP Professional Innovations help you focus on your business

Built to simplify. HP DayStarter ⁴ displays your calendar and battery charge while your system boots Windows, so you get a head start on the day. HP QuickLook allows users to access outlook information in seconds when notebook is off. HP QuickWeb provides almost instant internet access, from off, without the need to wait the Operating system to boot up.

Security made simple: Security Wizard for HP ProtectTools allows users to easily setup passwords, single sign on feature and Hard Drive Encryption. For easier authentication, 2D Face Recognition ⁵ or the optional HP Fingerprint Sensor allows multiple methods of authentication.

Work everywhere, always connected: Integrated WWAN ^{6, 7} allows convenient access to the internet and email in more places than ever.

¹ HD content required to view HD images

² 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance

³ VGA cord is not included

⁴ Requires Microsoft Outlook and Microsoft Windows

⁵ Requires Microsoft Outlook

⁶ Wireless access point and Internet service is required and is not included. Availability of public wireless access points limited

⁷ Gobi wireless technology requires separately purchased wireless data service contracts. Check with local service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors

Accessories and Services

HP Notebook Projection Companion

Designed for use in smaller settings where a handful of people are present, the HP Notebook Projection Companion is ideal for highly mobile users. Compatible with HP Business and Consumer Notebook PCs and other notebooks with a VGA connection, this ultra-portable accessory is powerful and durable enough to serve as your primary projector or as a backup while on the road. DLP technology gives your presentations sharp images, crisp text and vibrant colors. Weighing less than a pound (0.9 lb/0.42 kg) and measuring just 3.6 x 1.6 x 4.4 inches (9.3 x 4.0 x 11.1 cm), this remarkably compact projector fits easily inside your notebook carrying case.

Product number: AX325AA

HP 65W Smart Travel AC Adapter

AC power adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. The HP 65W Slim Travel Adapter is perfect for international travelers or "road warriors" who are always on the go. The adapter is 40% thinner than the standard 65W adapter and includes a convenient USB port for charging other accessories while you work. Four international adapter plugs help make sure your Slim Travel Adapter works wherever you do. A stylish protective carrying case keeps everything together.

Product number: AU155AA

HP Elite Slim Top Load Case

HP Elite Slim Top Load Case is perfect for the highly mobile professional with an eye for design. Constructed of leather and heavy-duty nylon, this durable case provides ample storage room for all the business necessities, while maintaining its stylish appearance.

Product number: AX680AA

HP 2.0 USB Docking Station

Skip the hassle of plugging and unplugging your monitor and peripherals every time you take your HP notebook PC with you.

Product number: AY052AA

HP FLO6 Notebook Battery

Stay connected and be productive wherever your work. No need to sacrifice performance, productivity or convenience.

Product number: BQ352AA

3-year Next Business Day Onsite

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely
