

Get great photos, documents and web pages, plus the versatility of being able to copy and scan too, from one affordable device. Print beautiful photos without a PC, make quick colour copies and scan paperwork into your PC. Do all this – and more.

The HP Photosmart C4483 All-in-One Printer, Scanner, Copier is designed for people who want to be able to print everything from documents and web pages to photos – and will value the ability to scan and copy from the same compact device.

Print, scan and copy paperwork, photos and more with one versatile machine.

Don't limit yourself to printing – enjoy the convenience of being able to scan and copy too with this compact all-in-one. Choosing versatility doesn't mean compromising on quality either. Print laser-quality documents and lab-quality photos using HP Vivera inks – you can even choose optional 6-ink colour¹ for professional-quality photos. Get fast copies too with speeds of up to 30 ppm black, 23 ppm colour. Use the scanner to digitise photos or documents for sharing or safe-keeping.

Get great value with this affordable all-in-one and a choice of ink cartridges.

Enjoy the best of both worlds with an all-in-one that's not only affordably priced but also highly efficient to use. For a start, HP ink cartridges are designed for efficient usage so they save you ink and money. You can also choose the replacement cartridges that best suit your needs, with high-capacity cartridges¹ giving you 3x more prints² and the convenience of fewer cartridge changes. And with an Energy Star-qualified product, you'll keep control of your running costs too.

See how much you can do with easy-to-use HP technologies.

Everything about this HP all-in-one is designed to help you get the job done, more easily. Want to print photos without switching on your PC? Just pop in your memory card and choose which ones to print via the 3.8 cm display. Print a lot of web pages? HP Smart Web Printing adjusts web pages so they fit on the paper. There's an automatic paper sensor that optimises your settings, and there's even software that will help you edit, print and share your photos. It really couldn't be easier.
