

HP Cockle-free Heavyweight Coated Paper holds its geometric properties and stays flat during and after printing. Produce deep colour and dense blacks with high ink loads and without cockling. Streamline your workflow with easy finishing.

Ideal for graphic and technical customers who need outstanding image quality on heavy papers with the ease of finishing enabled by cockle-free performance.

HP Cockle-free Heavyweight Coated Paper is designed to hold its geometric properties and stays flat during and after printing. You can take full advantage of your printer's speed capabilities and finishing is easy.

This paper delivers outstanding image quality without slowing you down. HP Cockle-free Heavyweight Coated Paper accepts high ink loads without cockling to produce deep colour and dense blacks, even at fast print speeds.

HP Cockle-free Heavyweight Coated Paper includes a select base paper, a special barrier coating, a high-performance ink receptive layer, and a back coating. Use this high-performance, affordable paper for all your graphics applications.

HP Cockle-free Heavyweight Coated Paper

Compatibility

For compatibility information, please refer to the latest Large Format Supplies Compatibility chart on www.hp.com/go/designjet/supplies

For the latest ICC/media profiles, please visit www.hp.com/go/designjet/supplies (click on ICC profiles and select your printer). For non-post script printers see your external RIP vendor.
