

HP Mini 100e Education Edition

The Mini for the classroom

Enhance learning with this affordable, durable mini, featuring a 25,7 cm (10.1") diagonal display, 92% full-size keyboard and a carrying handle.

Windows®. Life without Walls™. HP recommends Windows 7.

Mini size meets practical design

Starting at 1.45 kg, the HP Mini 100e touts a 92% full-size keyboard and touchpad, delivering full-sized notebook familiarity. The 25,7 cm (10.1") diagonal LED-backlit WSVGA display (1024 x 600 resolution) offers easy viewing. The carrying handle and flexible battery options offer untethered mobility for enhanced learning. Separate headphone and MIC ports allow the HP Mini 100e to easily connect to other devices to enhance sound quality and reduce echo.

Reliable

The HP Mini 100e integrates seamlessly into the classroom. An array of innovative features and software solutions are designed to improve ease of use. The spill-resistant keyboard and strong metal alloy hinges with steel pin axles add durability, ideal for the classroom environment.

Powerful performance

The Intel® Atom™ N455 ¹ processor enables the HP Mini 100e to run cooler, use less power and improve battery life compared to its predecessor. The system memory is DDR3, offering improved data transfer rates over DDR2. Students on-the-go can access the internet with Wi-Fi CERTIFIED™ WLAN ² or a worldwide modem ³ for dial-up internet connection in remote areas to complete their assignments.

Helping administrators

Schools need low-cost IT solutions to help close the digital divide. The HP Mini 100e is an affordable product that integrates seamlessly into the classroom. Administrators benefit from the extensive service and support options.

Helping teachers

Teachers gain effective strategies as well as standards and project-based techniques. The HP Mini 100e also has a Network Light that lights up to indicate that it is connected to an active network either by Ethernet or wireless LAN ², enabling instructor monitoring.

Helping students

A variety of operating systems are available so students learn and are prepared to use industry-standard technology as they enter higher education and the workforce. The durable, lightweight construction helps withstand the rigors of mobility.

THE
COMPUTER
IS PERSONAL
AGAIN.

HP Student Edition Youth Backpack

HP Student Edition Youth Backpack is designed especially for the unique circumstances users face every day. The sturdy, black backpack is made of durable nylon, trimmed in cobalt blue, and includes padding in the back and shoulder straps. It contains multiple zippered compartments for books and materials, and can carry a notebook up to 17.3 inch (43.94 cm). Of the many special features in the backpack is a Grid-it™ system - is a unique panel of taut elastic straps to hold in place and organize school supplies, cords and personal items. Also an accessories pouch is included to store small, easy-to-misplace items. An insulated cold compartment provides storage for a lunch or snacks, and a drink holder is positioned conveniently on the outside. And as an added bonus, the backpack comes with its own blue, waterproof raincoat, which is always attached to the backpack, and then tucks away into a pocket when not in use.
