

# Expand your paper handling and finishing options

## Increase productivity

Expand your device's input capacity and paper handling capabilities by adding one or more compatible input trays. The multipurpose tray supports heavy custom media up to 58 lb bond (220 g/m<sup>2</sup>),<sup>1</sup> including HP Cover Paper, offering the utmost in versatility. All trays are adjustable to provide exceptional flexibility.

Produce two-sided documents automatically, without standing by the printer and handling every page by adding a duplexer to your device. Routinely printing documents on both sides virtually doubles the printer's input capacity and makes paperwork more manageable, freeing up space in your files and on your desk.

Automatically sort output by type or user with a multi-bin mailbox accessory. Print professional, finished reports or presentations quickly and effortlessly with a stapler/stacker accessory. Efficiently print stacks of postcards for office mailings or marketing campaigns with an HP Postcard Media Insert Tray for 4 x 6 in (10 x 15 cm) cards.

## Minimize costs and environmental impact

Reduce paper use and costs by adding a duplexer for easy two-sided printing. Easily recycle your unneeded components for free through the HP Planet Partners Program.<sup>2</sup>

## Choose the right HP accessory for your needs
