

HP Pro 3130 Small Form Factor PC

Less PC. All business.

Designed to be flexible enough to meet your needs today and grow with you tomorrow.

Windows®. Life without Walls™. HP recommends Windows 7.

Fit and flexibility

Save space without sacrificing performance

When desk space is at a premium—or just not available—the powerful, space-efficient HP Pro 3130 Small Form Factor PC may be just what you're looking for. Half the size of a conventional HP minitower, this PC offers all the standard PC performance. The intelligent, multi-core technology of Intel® Core™ processors helps multitasking applications by applying processing power where it's needed most.

Clutter-free

You'll enjoy a clear workspace and convenience features in this smart design. The HP Pro 3130 offers available wireless networking ¹ for a neat, cable free existence ². There's no reason to get on your knees to make connections. The 3130 fits in your environment where you want it to fit with no tabletop cable mess and internal antennas for 802.11 WiFi ² and Bluetooth. Plug one power cord into the wall and you're ready to go. Add peripherals such as an optional wireless keyboard and mouse without adding clutter.

Out-of-the-box productivity

This PC is ready to go when you are with the latest Intel® processors and chipset, and a genuine Windows® 7* operating system. You'll get dual monitor support, a variety of optical drives to choose from, available hard drives up to 750 GB, and up to 16 GB DDR3 SDRAM memory. And, with preinstalled software like HP ProtectTools Suite, HP Power Assistant, and Norton Internet Security 2011 you get a PC equipped to make an impact right out of the box.

Do more with pre-qualified options

Build your potential with pre-qualified options like HP SuperMulti LightScribe DVD Writer Drive so you can burn labels directly onto LightScribe disks. Enhance your visual experience via graphics cards with Microsoft® DirectX® ³ 11 support.; Plus, the HP Pro 3130 Series offers service and support options, so you can spend your time focusing on what's most important—your business.

HP Pro 3130 Small Form Factor PC

Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are available in all editions of Windows 7. See <http://www.microsoft.com/windows/windows7/> for details. Windows 7 Professional disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image.

Accessories and Services

HP USB PS2 Washable Keyboard

The HP USB PS2 Washable Keyboard is well-suited for environments that require keyboards to be immersed and cleaned with the following solvents: soap, washing-up liquid, non-abrasive cleaners, general purpose cleaners, bleach, disinfectant, antibacterial cleaners and surgical spirit. The HP USB PS2 Washable Keyboard provides protection against ingress of water and dust to code IP66 defined in IEC (International Electro Technical Commission) standard 60529-1 and code 4X as defined in NEMA (National Electrical Manufacturers Association) standard 250. The code IP66 defined in the IEC standard 60529 means the keyboard is protected against the ingress of dust, and that high pressure water jets from any direction will not have any harmful effects. A NEMA 4X enclosure as defined in NEMA standard 250 will provide protection against windblown dust, rain, splashing water and hose directed water. For additional information on regulatory standards consult your legal department.

Product number: VF097AA
