

HP Designjet ePrint & Share

Experience HP Designjet cloud printing

Experience cloud printing from virtually anywhere—a conference room, the job site, or even home—using HP Designjet ePrint & Share. This free web service makes it easy to access and print large format documents, using your tablet, smartphone, laptop, or printer touchscreen¹.

Print from virtually anywhere

Access and print projects from your smartphone or tablet¹.

The HP Designjet ePrint & Share app makes it easy to retrieve and print large-format files using your Apple® or Android™ smartphone or tablet¹.

Email your projects to an HP Designjet ePrinter.

Simply attach a PDF or other print-ready file to an email and send it to your printer's dedicated address¹.

Print to your HP Designjet Web-connected printer from virtually anywhere¹.

Print to the HP Designjet ePrinter at your office while working from home—or anywhere you have an Internet connection. With HP Designjet ePrint & Share, your prints can be waiting for you when you arrive at the office¹.

Online print history

Automatically save a copy of all your prints in the cloud¹.

Whether you print from your printer driver, tablet, or another device, HP Designjet ePrint & Share saves a copy of your prints in the cloud.

Easily access and view your online print history¹.

With HP Designjet ePrint & Share's automatic online print history, you can access files, zoom in on them, and reprint an exact copy in just three clicks.

Help keep your projects safeguard with trusted HP security features.

HP Designjet ePrint and Share is backed by trusted HP security features, including:

- An encrypted connection that helps safeguard web communications
- HP security certifications and accreditations

Collaborate your way

Conveniently share files using an automatically generated hyperlink¹.

HP Designjet ePrint & Share can create a link for files stored in the HP hosted cloud, allowing you to more easily share your work with partners¹. Simply send the link in an email.

¹ Requires an HP Designjet ePrint & Share account, Internet connection to the printer, and connected Internet-capable device. When using the HP Designjet ePrint & Share mobile app, a compatible Apple® iOS or Android™ device and Internet connection are required. Data or connection charges may apply. Print times may vary. For more information visit hp.com/go/eprintandshare.

“One of the advantages of using the HP Designjet ePrint & Share solution is the speed with which you can print in another part of the world almost as if it were next door. It’s crucial because it means that we can work faster and we can deliver projects on time internationally without needing to send via mail, FTP or even by regular mail.”

– Joan Callis, Project Director, EMBT

“Thanks to HP Designjet ePrint & Share I find it really easy to go to meetings with my phone and plot right there at the plotter, whether it be Android, iPhone or iPad”

– Jason Pritchard, TCC consultants
