

# HP Z WORKSTATIONS IN FINANCIAL SERVICES

HP Z Workstations are designed with global customer input to create the high performance, extremely reliable and easily serviceable solutions the financial industry requires.

## MEET UNIQUE FINANCIAL SERVICES NEEDS WITH Z

Finally a revolutionary mini PC for the trading desk that delivers breakthrough power and versatility in a small, elegant design. Made with direct input from our global financial customers, the Z2 Mini Workstation gives you both performance and reliability for the best trading desk experience.

From the trading floor to the corporate office, financial services companies have distinct computing needs. HP helps you meet these needs with a portfolio of workstations that is available and supported globally.

HP Z Workstations are designed for extreme performance, reliability and easy servicing - characteristics that help you avoid downtime and keep your staff productive on both desktop and mobile systems.

With HP Z Workstations you have a choice of single- and dual-processor designs, small and regular form factors, ECC memory options, and support for up to eight monitors\*. And you can deploy HP Z Workstations with the confidence that comes from knowing that HP maintains dedicated workstation design and engineering teams.

When it comes to personal computing systems, workstations are in a class of their own. Despite entry price points that can rival those of desktop PCs, workstations provide features and benefits that go far beyond those of today's business and consumer systems. Learn more about HP Z Workstation benefits.

THE HP Z2 MINI WORKSTATION. THE  
NEW STANDARD FOR THE TRADING  
FLOOR.

#### [HP Z2 Mini](#)

The new standard for the trading floor. Finally, a revolutionary mini PC for the trading desk that delivers breakthrough power and versatility in a small, elegant design.

#### [HP Z240](#)

Power, price, and size. Powerful processors, graphics, memory, and two optional ultra-fast HP Z Turbo drives<sup>1</sup> give you the level of performance you need. It just got better with the HP Z240 which packs the performance, features, and reliability of a workstation into the price point of a desktop PC.

#### [HP Z6](#)

HP's best-selling performance workstation. High powered Intel® Xeon® processors and professional graphics along with rock-solid reliability provide seamless performance to demanding trader and analyst desks.

#### [HP ZBook G5 Mobile Workstations](#)

The world's most secure mobile workstations.<sup>2</sup> HP ZBooks offer the power of a desktop in a lightweight mobile design. Great for developers and mobile work force.

#### [HP Z Displays](#)

HP's highest performing displays. Whether traders want a 43" diagonal 4K display, multiple sleek micro-bezel displays, or 38" curved style. Select the size, resolution and connectivity to fit the way you work.

#### [HP Thin Client Family](#)

The HP t730 Thin Client, the world's first thin client to drive quad UHD/4K<sup>3</sup> displays natively, is ready to deploy in demanding environments right out of the box.
