

# HP 2005pr USB 2.0 Port Replicator

The HP 2005pr USB 2.0 Port Replicator is your go-to, platform-independent hot-desking solution for getting online and immediately connecting to an external display and up to four USB-connected devices—all through one USB 2.0 cable.

## Includes HDMI to DVI adapter

Four USB 2.0 ports connect to your trusted legacy and current devices. Work smarter by adding a standalone display with VGA and HDMI connectors and DVI through an HDMI to DVI-D dongle.

## Universal USB connectivity

Headphone and microphone inputs work with headset and microphone capabilities on the connected notebook (if available). 10/100 Ethernet enables high-speed network connectivity.

## Security Slot Lock

Simple setup doesn't require an optical drive. Enhanced security is provided by a Security Lock Slot that allows you to tether the port replicator to a desk for enhanced security in a cubicle, hot-desking or multi-seat environment.

<b>Compatibility</b>	HP 2005pr USB 2.0 Port Replicator is compatible with all HP Business Notebooks with a USB 2.0 port except the HP ElitePad 900 Tablet PC.
