

HP 2012 230W Docking Station

HP offers a full line of docking stations designed exclusively for select HP Business Notebook platforms so you can maintain the connectivity and comfort of your laptop at a fixed station.

Simply insert your laptop into the dock until it clicks and you're ready to go—without the hassle of rerouting cables or reconnecting the devices at your desk.

Get convenient port replication and cord management, backward compatibility with legacy devices, room to grow with new technologies, and battery charging on the connected notebook.

USB 2.0 and 3.0 ports enable instant connection to your USB peripherals. USB 3.0 reduces the time required for data transmission (vs. USB 2.0), is backward compatible with USB 2.0, and is bi-directional.

Compatibility	HP Docking Stations and HP Advanced Docking Stations are compatible with HP ProBook b-Series Notebook PCs, HP EliteBook 8xxx p Series Notebook PCs, and HP EliteBook 8xxx w Series Mobile Workstations.
I/O Ports	1 Mouse connector; 1 Parallel port; 1 DVI-D; 4 USB 3.0 ports (3 Always-On, 1 powered); 1 RJ-45 (network) jack; 1 DisplayPort connector; 1 VGA port; 1 Serial port; 1 Keyboard connector; 1 Line-in jack; 1 Headphone jack; 1 Monitor stand port
Security Management	Supports the HP Docking Station Cable Lock, which gives you two security options: lock the docking station only (which also prevents access to the Advanced Docking Station drive bay); or lock both the docking station and your notebook for additional security. Also supports an industry standard notebook lock.
Dimensions	Out of package: 26 x 16.36 x 6.6 cm
Weight	Out of Package: 1.07 kg
Warranty	One-year limited warranty. Additional support is available 24 hours a day, seven days a week by phone as well as online support forms. NOTE: Certain restrictions and exclusions apply. Consult the HP Customer Support Center for details.
