

HP 2012 120W Advanced Docking Station

HP offers a full line of docking stations designed exclusively for select HP Business Notebook platforms so you can maintain the connectivity and comfort of your laptop at a fixed station.

Simply insert your laptop into the dock until it clicks and you're ready to go—without the hassle of rerouting cables or reconnecting the devices at your desk.

Get convenient port replication and cord management, backward compatibility with legacy devices, room to grow with new technologies, an upgrade bay for additional storage, and battery charging on the connected notebook.

USB 2.0 and 3.0 ports enable instant connection to your USB peripherals. USB 3.0 reduces the time required for data transmission (vs. USB 2.0), is backward compatible with USB 2.0, and is bi-directional.

| | |
|-------------------------------|---|
| Compatibility | HP Docking Stations and HP Advanced Docking Stations are compatible with HP ProBook b-Series Notebook PCs, HP EliteBook 8xxx p Series Notebook PCs, and HP EliteBook 8xxx w Series Mobile Workstations. |
| I/O Ports | 4 USB 3.0 ports (Always-On); 2 USB 2.0 ports (1 Always-On, 1 powered); 1 eSATA adapter; 1 Line-in jack; 1 Audio-out (headphone) jack; 2 DisplayPort; 1 VGA; 2 DVI-D; AC adapter connector with light; 1 Mouse connector; 1 Keyboard connector; 1 Parallel port; 1 Serial port; 1 Monitor stand port; 1 RJ-45 (network) jack |
| Security Management | Supports the HP Docking Station Cable Lock, which gives you two security options: lock the docking station only (which also prevents access to the Advanced Docking Station drive bay); or lock both the docking station and your notebook for additional security. Also supports an industry standard notebook lock. |
