# HP Hybrid Point of Sale (POS) Printer with MICR II

Point of Sale

## Fast, multi-function printing for your retail environment

Get a complete print solution for your CSRs and customers with the HP Hybrid POS Printer with MICR II <sup>2</sup>, a two-in-one design that offers a two-color thermal printer on top for receipts and an impact slip printer on the bottom for inserted forms and checks.

### Compact design, fast speed

Print up to 89 lines per second and select 44, 56 columns of print on 80-mm wide thermal paper that comes in a surprisingly compact large paper roll capacity.

### Simple system connectivity

Eliminate extra cabling with a printer that is powered by a PUSB connection to your retail system.

### Supported by HP

Rest easy that your IT investment is supported by a three-year standard limited warranty online support forums.
