

# HP Slim Bluetooth Keyboard

Sleek and compact for a full desktop experience on the go

The HP Slim Bluetooth Keyboard is a thin and light wireless keyboard that helps you type comfortably without cables getting in the way. Use it with your laptop or tablet at the office, at home, or wherever you work best.

Move around the desk where you need it, up to 10 meters from the paired device. Pairing indicator tells you when you're synced.

Low battery indicator alerts you when you need to change batteries. Sleep button hot key helps you conserve energy and extend battery life.

Get the peace of mind of a one-year limited warranty. Additional support is available (North America only) seven days a week, 24 hours a day by phone as well as through online support forums.
