HP U160 39,6 cm (15.6") LED Backlit Monitor

Adding a second screen just got radically simpler.

Adding a second screen to your notebook just got radically simpler with the lightweight HP U160 39,6 cm (15.6") LED Backlit Monitor. Increase your productivity with a portable companion display that quickly opens into its own tilt-adjustable stand and easily connects to your notebook with one USB cable. Share presentations across a table or desk wherever you work. The adjustable stand quickly converts back into a carrying case so you can stow and go.

Increase productivity with a companion display for your notebook.

- The super light and thin HP U160 companion display sets up and folds down in a snap, and connects to any notebook with a USB 2.0 port.
- Ample 39,6 cm (15.6") diagonal screen size, 16:9 widescreen aspect ratio, contrast ratio, and brightness aligns with most traditional notebook screens—without the weight and bulk of carrying a second notebook.

Designed for easy portability.

- The integrated flip & fold case deploys the monitor quickly, doubles as a stand, and helps protect the display while stored.
- Lightweight and thin, the modern design slides easily into your notebook carrying case right beside your notebook so you can take it with you wherever you work.
- The included USB cord stores easily into a built-in pocket on the case for quick accessibility.

Ideal for on-the-go presentations

- Expand your screen real-estate so you can show and share presentations without crowding around a single notebook screen.
- Easy setup doesn't require a second power cord—get up and running quickly with the single USB cord (included) and work at a desk in the office or in a hotel room, restaurant, lobby, or public meeting space.

Earn your environmental stripes.

- The intelligent, energy-efficient design is built with the environment in mind to help you reduce power consumption.
- Mercury-Free LED backlighting, BFR/PVC-free design, arsenic-free display glass and recyclable packaging are just a few of the environmentally conscious details built into the display.

Peace of mind, with HP.

- HP protection includes a 3-year parts, labor, and onsite service standard limited warranty.
- Select optional HP Care Pack Services³ to extend service contracts beyond the standard warranties.

HP U160 39,6 cm (15.6") LED Backlit Monitor Specifications Table
