

HP Color LaserJet Pro MFP M176n

This affordable MFP brings vibrant color printing in-house, and boosts productivity with printing, copying, and scanning on a shared network. Enable easy printing from smartphones, tablets, and laptops at work, home, or on the go.¹

Small size, big value

- Control made easy. Just start printing, quick and easy—with the simple control panel.
- Go from zero to the first print out in a matter of seconds.
- Speed through document tasks. Set the pace for success with an MFP that prints, copies, and scans—fast.

All in one, one for all

- Easily copy both sides of a two-sided ID or other small document onto the front of a single-page.

Print on your terms

- Print from virtually anywhere with Apple® AirPrint™.²
- Print from your mobile device with built-in print capability or the HP ePrint app and software.¹

Easy access USB

¹ Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to the printer. Wireless performance is dependent on physical environment and distance from the access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/mobileprinting for more details. ² Supports OS X® Lion, OS X Mountain Lion and the following devices running iOS 4.2 or later: iPad® (all models), iPhone® (3GS or later), and iPod touch® (third generation or later). Works with HP's AirPrint-enabled printers and requires the printer be connected to the same network as your OS X or iOS device. Wireless performance is dependent on physical environment and distance from the access point. OS X, iPad, iPhone, and iPod touch are trademarks of Apple® Inc., registered in the United States and other countries. AirPrint™ and the AirPrint logo are trademarks of Apple Inc.

This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. ⁶HP recommends that the number of pages per month of imaged output be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ⁷Values subject to change. Power numbers are the highest values measured using all standard voltages. See hp.com/support for current information. Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. ⁸Acoustic values are subject to change. For current information see hp.com/support. Configuration tested: Color LaserJet Pro MFP M176n, simplex printing with A4 paper. ⁹Replacement cartridge average composite (C/Y/M) declared yield ~1000 and average black yield ~1300 pages based on ISO/IEC 19798 and continuous printing. Actual yields vary considerably based on images printed and other factors. For details see hp.com/go/learnaboutsplies. Imaging drum yield is ~14,000 pages when printing in black; ~7000 pages when printing in color; ~9000 to 10,000 pages when printing in average customer conditions. Pages may vary based on customer printing conditions and usage.
