

Simplify deployment and management of your HP DesignJet printer fleet

HP DesignJet Universal Print Driver

Provide IT teams with greater control and effectiveness, reduce printer-related costs, and improve IT and end-user productivity with the HP DesignJet Universal Print Driver (UPD). This intelligent single-driver solution radically simplifies printer deployment and management, saving time and freeing IT to focus on innovation. HP DesignJet UPD includes two drivers—HP-GL/2 and PostScript—and supports a broad range of HP DesignJet printers.¹

Simplify printing and management

- Remove much of the time and hassles associated with installing, updating, and testing multiple drivers

Reduce fleet management costs

- Reduce costs associated with traditional print driver installation, updates, and testing
- Save money by reducing the amount of time IT must spend on printer integration, management, and maintenance
- Cut down on help desk-related costs with a simplified single-driver solution

Focus IT efforts on innovation

- Keep your system up-to-date
- Transition IT resources from integration to innovation

Empower IT teams by dramatically reducing the number of drivers they have to manage. Give them the tools they need to improve efficiency and significantly cut costs. Simplify printing for end users and more effectively manage your overall fleet today.

¹Supported HP DesignJet printers include HP DesignJet T120 Printer, HP DesignJet T520 Printer series, HP DesignJet T790 Printer series, HP DesignJet T795 Printer, HP DesignJet T930 Printer series, HP DesignJet T1300 PostScript® Printer, HP DesignJet T1530 Printer series, HP DesignJet T2300 Multifunction Printer, HP DesignJet T2530 Multifunction Printer series, HP DesignJet T3500 Production MFP, HP DesignJet T7100 Printer, HP DesignJet T7200 Production Printer (in Europe, the Middle East, and Africa, the HP DesignJet T7200 Production Printer will be available in fall 2014), HP DesignJet Z5400 PostScript® Printer, HP DesignJet Z6200 Photo Production Printer, HP DesignJet Z6600 Production Printer, and the HP DesignJet Z6800 Photo Production Printer.

Technical specification

Supported operating systems: client and server operating systems supported for the most current release of the HP DesignJet UPD:

Client operating systems supported:

Microsoft Windows 8, Pro, Enterprise; 32 and 64 bit

Microsoft Windows 7 Starter, Home Premium, Professional, Enterprise, and Ultimate; 32 and 64 bit

Server operating systems supported:

Windows Server 2012R2

Windows Server 2012

Microsoft Windows Server 2008R2

Microsoft Windows Server 2008

Supported HP DesignJet printers:

	HP-GL/2	PostScript
