

High-volume, high-value partner

HP S900 Series MFPs complete the fleet

At-a-glance benefits

The S900 Series of multifunction printers (MFPs) is HP's answer to our customers' demand for light production printing, designed and built for high-volume output. They combine the paper handling, solutions integration, and improved workflow you need, backed by HP's reliable support and services.

- **Higher volumes.** High duty cycles, a paper capacity of up to 8,500 sheets,¹ and the highest recommended monthly page volume (RMPV) in our lineup.
- **Faster speeds.** Print and copy speeds up to 75 pages per minute (ppm).² Two-sided, single-pass scanning up to 200 images per minute (ipm) using the automatic document feeder.³
- **Robust paper handling.** A broad range of advanced finishing options: stapler, saddle stitch, booklet maker, and hole punch available for all models; inserter, folding unit, and trimming module available for low-end light production models.
- **Streamlined workflow.** Adjustable 26.65 cm (10.1-inch) colour LCD touchscreen with a large pullout keyboard, gesturing, zoom, preview, and edit functions.
- **Reliable support.** Proactive, global service and support across your unified HP fleet, with the solid backing of HP's infrastructure investments.

One fleet, one vendor

Do you need a single source for all your devices, service, and software, fleet-wide? Would you like an array of solutions for your entire fleet bundled into one contract? Now you can, with the introduction of the HP S900 Series MFPs.

HP has expanded its industry-leading, comprehensive portfolio with these high-end department/low-end light production class MFPs. Offered exclusively through HP Managed Print Services (MPS), these MFPs help workgroups manage demanding volumes and streamline workflow. Take the weight off your IT team with an MFP that supports optional fleet management, security, and document management solutions.

HP Enterprise printing portfolio

Workgroup	Department	High-end department Low-end light
600-700 series	800 series	S900 series
10-30 users RMPV: 5,000-40,000 ⁶	25 or more users RMPV: 10,000-100,000 ⁶	25+ users/light production RMPV: Up to 150,000 ⁶

Trusted solution integration

Extend the capabilities of your HP S900 MFPs with these optional solutions from HP and partners:

- HP Web Jetadmin (discover and monitor)⁴
- HP Remote Monitoring
- HP Access Control
- HP Capture and Route
- SafeCom
- HP ePrint Enterprise⁵
- TROY Secure Document Printing
- Nuance eCopy ShareScan
- Nuance Equitraq
- OpenText RightFax
- PaperCut
- Ringdale Follow Me

Lighten your load with high-volume MFPs

- Accelerate business results by printing and copying at up to 75 ppm.²
- Capture documents faster using 150-200 ipm two-sided single-pass scanning.³
- Stay productive with high duty cycles up to 500,000 pages, continuous copies up to 9,999, input capacity up to 8,500 sheets, and output capacity up to 4,350 sheets.
- Get standout results with professional finishing options.

Preview, edit, and route from the touchscreen

- Minimise steps and reduce errors using on-screen gesturing to access controls, zoom in, preview and edit documents in real time.
- Email documents and add search word tags directly from the MFP, using the large, retractable keyboard.
- Equip users to work fast by digitising documents at a touch. Scan at high volumes and send files directly to email and network folders.
- Minimise network traffic with compressed scan file sizes.

Monitor and manage your fleet with ease

- Streamline device integration with HP Web Jetadmin.⁴ Automatically discover new MFPs and monitor to replenish supplies.
- Gain fresh insight into your printing environment with remote fleet-wide monitoring services.
- Receive information on print habits and device utilisation. Let HP help you put the right devices in the right locations to increase productivity and help lower costs.

Empower users without sacrificing IT control

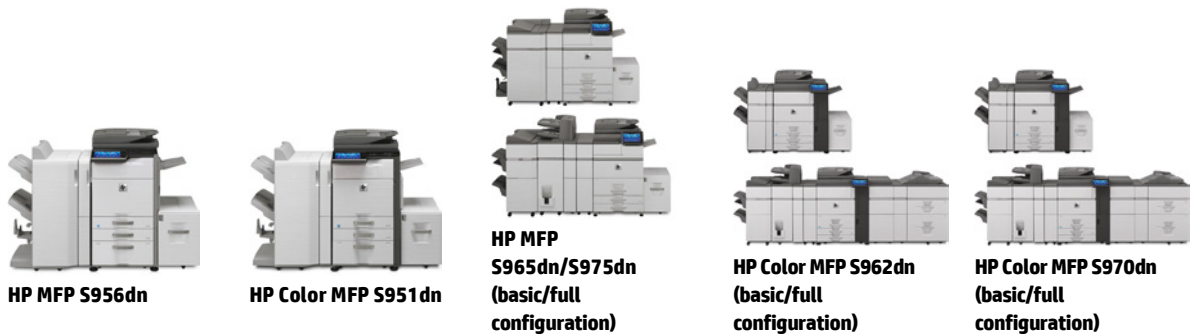

- Make it easy for everyone to print to a nearby printer, using the free HP Universal Print Driver with included PCL 5, PCL 6 and Adobe PostScript® 3™ protocols.⁷
- Easily capture, manage, and store paper and electronic information with optional HP Capture and Route.
- Enable employees to print from mobile devices to selected HP or non-HP printers on your networks using optional HP ePrint Enterprise server-based mobile printing solution.⁵

Safeguard sensitive information

- Safeguard sensitive data sent to your HP S900 MFP with a built-in secure hard disk with optional encryption.
- Protect your confidential documents with fleet-wide authentication that controls access, using the optional HP Access Control solution.
- Authenticate, encrypt, and manage print jobs using an optional centralised security solution such as SafeCom.
- Help secure high-value documents and reduce fraud risks by printing with optional HP and TROY solutions.

Expand your portfolio with HP's high-end department/low-end light production MFPs
