

NVIDIA Quadro Sync Card

Take flexibility and scalability for ultra-high resolution display walls and visualization clusters to a new level and synchronize select NVIDIA Quadro GPU video outputs to up to 12 displays or projectors per HP Z Workstation with NVIDIA Quadro Sync.

Simplify your deployments.

- Reduce the number of HP Z Workstations required and minimize operational complexity by synchronizing up to three NVIDIA Quadro Kepler GPUs and 12 displays or projectors with one NVIDIA Quadro Sync.

Enable Mosaic.

- Scale your applications onto a single unified desktop across all of your synchronized displays or projectors—from one system—with the integrated NVIDIA Mosaic technology.

Support Windows-based visualization clusters.

- Easily script and remotely manage NVIDIA Quadro Sync and other GPU features within the visualization cluster with industry-standard Windows Management Instrumentation (WMI) configuration and management interfaces.
