Download HP Cirrus on your smartphone and easily select the right HP Care Pack Service and find the latest Marketing Campaigns!

HP Cirrus Mobile App

Download the HP Cirrus mobile app on your Android, iOS phone or tablet and get all the information you need to simplify your sales journey! Use HP Cirrus to get recommendations on the HP Care Pack Services that best fit your customer's needs, check the warranty status of products, easily share information with your customers, view the latest marketing campaigns, and receive notifications on new trainings and promotions. The app sets the language, country and currency to your current location by default. What's more, automatic updates let you enjoy all the new features of HP Cirrus and stay up-to-date!

Features & benefits

HP CARE PACK SELECTOR

Always find the right HP Care Pack for your product! HP Cirrus will give you various ways to select the most suitable HP Care Pack Service to best fit your customer's needs. It's your call to decide!

More help to decide

Need more information to decide? HP Cirrus also offers a full description and price for the recommended HP Care Pack Services. Moreover, you can filter and sort the recommendations to find the most suitable HP Care Pack in a flexible and convenient way.

Compare HP Care Pack Services

Make the best decision by easily comparing the main features of different HP Care Pack Services.

Export and share your chosen HP Care Pack Services

We know you love to share! HP Cirrus lets you save the HP Care Packs of your choice to your cart, and send them via email or any compatible application on your phone – including Dropbox, Google Drive, print, Kindle, etc. The app also supports Bluetooth and NFC.

WARRANTY COVERAGE CHECK

You can scan your product number or enter the SKU to check its warranty coverage.

MARKETING CAMPAIGN SELECTOR

With the Marketing Campaign Selector, it all starts with your business plan. Identify your growth opportunities and select the HP strategies you would like to push, and HP Cirrus will provide you with the campaign(s) that suit you. View campaign details, preview the assets within the app, and click "share" to send out this information, including direct links to download the relevant assets.

COMMUNICATION

Push Notifications

Always stay up-to-date! Receive push notifications about new training offerings, events, promotions and the latest news – even when the application is not running.

Podcast

Keep in touch! Let HP management share news, wishes and sales tips with you! All HP management podcasts are accessible from the main HP Cirrus menu, or by tapping the notification you receive whenever a new podcast is available.

Banner

Look up the banner on the HP Cirrus mobile app for interesting news specific to your country!
