of CIOs say that growth and new business opportunities drive innovation and IT decision making.*

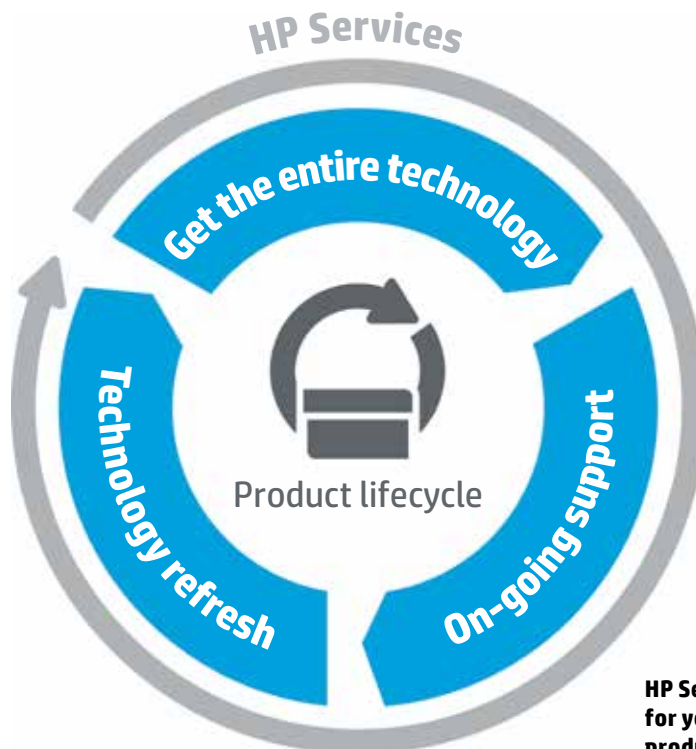

Coverage you can count on

Support that's with you every step of the way

One of the keys to the success of your business is ensuring you're making the most of your technology. You don't just need technology, you need a trusted advisor that's with your business throughout its entire lifecycle.

Ready to work—now and as you grow

HP Subscription enables you to benefit from the entire HP solution, such as Helpdesk or Touchpoint Manager, throughout the technology lifecycle- and are ready to work with you when it's time to refresh your IT infrastructure.

HP Services are there for you throughout the product lifecycle.

CIO Agenda 2013
Implications for High-Tech Providers

These HP Services work together with your business, saving you time and money, while making sure all of your technology is continuously up-to-date. Now your business has the flexibility you need to get things done whenever, wherever—so you're ready for anything.

Stay up-to-date

Improve your cash flow

Start working now

HP Subscription

Subscribe and simplify

Break free from updates and repairs with a subscription that allows you to replace your PC every three years, ensuring you have the continued flexibility to provide up-to-date technology to your employees.² HP Subscription offers subscription packages for the hardware, software, and services you need to outsource devices' lifecycles—all for a convenient monthly fee—so your business can maximise cash flow while using best-in-class hardware and services.

Technology is critical for small businesses' productivity, scalability, and growth. However, they often find that maintaining IT is too:

- Complex
- Costly
- Time consuming
- Restricting

With the help of HP Subscription, businesses can:

Stay on top of technology

Experience the latest and greatest technology and support from HP. Choose from top devices featuring better design and functionality that will help your business work smarter, faster.

Lower maintenance, lower cost

Help reduce the ongoing costs of maintaining aging devices. Break free from updates and repairs with a subscription that allows you to replace your PC every three years.¹

Better management in less time

Save time by simplifying the planning, acquisition and replacement of your technology. Keep updates for all your PCs on the same schedule by renewing multiple devices at the same time.

Helpdesk by HP Care Services

Valuable support at your service

Ever had a software “how to” question you were sure was easy to solve if only you knew someone to call for help? Helpdesk is here for that purpose. When trouble arises, call us, and we can troubleshoot typical hardware and software products. Our Helpdesk Technicians can even access your computer remotely to diagnose and resolve issues.

Help your employees focus on getting work done—not getting their PCs up and working

HP PSMS experienced technicians have the tools they need to resolve technical issues on the first call whenever possible to provide your business with:

- Quick and thorough device-based diagnostic and repair capabilities
- Software and hardware support
- Remote image access and remediation
- ITIL escalation procedures

Don't be afraid to ask for help

Remote assistance is there for you on extended working hours, 6 days a week with Helpdesk. With desktop sharing, it's like you have expert HP Technicians at your side, whenever you need them.

- Support for Microsoft®, Apple®, and Android™ OS devices
- Installation, networking, connectivity, mobility, and security support in addition to troubleshooting and problem resolution
- Coverage for one primary device (PC, tablet, Mac) and up to five peripherals (smartphone, printers, scanners, monitors, and more)

**Available on
extended working
hours 6 days
a week**

Helpdesk is available on extended working hours, 6 days a week, covering multiple brands, devices, and operating systems.

Work well together

Get your devices, software and networks on the same page so you can work seamlessly across technology brands. Voice-based assistance and secure desktop sharing makes set-up, configuration, troubleshooting, and connecting a breeze.

Keep your business up and running

Put your devices in capable hands with remote software tools. HP can jump in and fix the problem while you take care of your business.

And with the Business Ready Suite, you can start benefiting from Helpdesk support and resolve potential issues before they slow you down. Just schedule a call and we will perform up to 3² different tasks such as diagnosis of your systems, tune up your PC, ensure security settings are up-to-date, or provide you consultation on data migration for your new PC.

Make sure it's secure

Only you can initiate HP encrypted remote sharing sessions. HP uses a 128-bit encrypted connection between your computer and the technician's, preventing others from viewing or accessing the session.

At your service

Whether it's a monthly subscription to use best-in-class hardware and services, or remote assistance, HP Subscription and Helpdesk are exactly what you need to keep your business moving. Let us know how we can help. HP's end-to-end services let you choose either comprehensive IT management, or targeted, customisable offerings so you have expert support—when and how you need it.

Minimise downtime and increase security for your business when you pair HP Subscription and Helpdesk with these additional HP Services:

- **Accidental Damage Protection**—Rest assured that your devices are covered in case of everyday accidents.
- **Tracking and Recovery Service**—Delete and recover data remotely, track and manage devices, detect unauthorised software—and more.
- **Next Business Day Onsite**—When in-person assistance is required, we'll be there the next business day.³
