

LSI iBBU09 Battery Backup Unit

Stay in control with an intelligent, high-performance, high bandwidth storage option ideal for storage connectivity of SAS drives in powerful workstation environments.

- Choose a flexible cache protection option with compatible controllers for MegaRAID SAS 9265, 9266, 9270, 9271, 9285 and 9286 series.
- Help protect the integrity of cache in the event of power or server failures with multiple modes of operation, which let the user select a shut-off data retention time with associated operating temperatures, learn cycles, and estimated service lives.
- Help prolong the service life of your battery backup unit with high maximum ambient temperature tolerance.
