HP Pro Slate 10 EE G1

Mobilize your learning

Improve 1:1 learning and elevate student engagement with the Android™ tablet built for schools. The mobility and durability of the HP Pro Slate 10 EE includes learning tools and flexible connectivity to expand education beyond the walls of the classroom, plus professional support and services to help educators confidently incorporate new IT.

Built for schools

- Deploy a tablet designed for the rigors of the classroom, with a quad-core Intel® processor,¹ 25,65 cm (10") diagonal HD touch anti-glare display, and natural handwriting experience (with optional stylus), at a price that makes 1:1 learning affordable.

Designed for learning

- Enjoy out-of-the-box productivity with new HP School Pack tools and content that support educational innovation, including HP Classroom Manager,² which allows teachers to control the classroom, manage class PCs, and communicate with students.

Optimized for mobility

- Get connectivity to learn and collaborate with ultra-reliable, enterprise-class dual band wireless and optional 3G WWAN.³ Long battery life delivers dependable productivity for the school day.

Measure outcomes, not devices

- Improve student achievement through HP Services for Schools,⁴ a portfolio that gives educators and administrators the skills to maximize outcomes. Help instructors effectively use technology with HP Professional Development online workshops.⁴

Featuring

- This durable tablet is designed for the classroom.
- Select options⁴ designed for education like a stylus, portable keyboard base, slipcase, and charging cart.
- Enable project-based learning with high-resolution front and rear cameras.
- Present and collaborate with micro-HDMI and wireless WiDi or Miracast connections.⁵
- Use the optional HP Pro 10 EE G1 Keyboard Base⁴ in the classroom or Bluetooth® at home.
- Quickly access cloud-based apps and tools with the familiar Android™ OS.
- Cover spills, drops, falls, and more with optional HP Accidental Damage Protection.⁶
- Invest confidently with HP's world-class one-year limited warranty and reliable 12-month managed lifecycle transitions.

Messaging Footnotes

- ¹ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
- ² HP Classroom Manager for Teachers is required and sold separately for control and device locking from the teacher's Windows desktop console; no locking and control functionality originates from HP Classroom Manager for Student.
- ³ Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Mobile broadband is an optional feature, requires factory configuration and separately purchased wireless data service contract and network support, and is not available in all areas. Check with provider for availability and coverage in your area.
- ⁴ Sold separately.
- ⁵ A Miracast dongle (sold separately) is required if the projector or monitor is not Miracast enabled.
- ⁶ Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

Technical specifications disclaimers

- ¹ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance."
- ² Wireless access point and Internet service required and not included. Availability of public wireless access points limited.
- ³ Mobile Broadband is an optional feature and requires factory configuration. Use requires separately purchased service contract. Check with service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors.
- ⁴ NFC is an optional feature and required for Google EDU configuration
- ⁵ Miracast is a wireless technology your PC can use to project your screen to TVs, projectors, and streaming media players that also support Miracast. You can use Miracast to share what you're doing on your PC and present a slide show. For more information: <http://windows.microsoft.com/en-us/windows-8/project-wireless-screen-miracast>
