

# HP School Pack includes Computrace Data Protection Basic\* from Absolute Software

## HP and Absolute Software have decided to work together to offer students data protection on HP Pro Slates 10 EE, HP ProBooks 11 EE, and HP Pro Tablets 10 EE

### Peace of mind for students

Absolute Computrace Data Protection Basic will help ensure students' personal data is secure at all times, even if their school device is lost or stolen. IT administrators can remotely engage with the device so that student data is safeguarded or removed.

### Ease of administration for IT and a safer school environment

IT administrators can promote a safer school environment, protecting students, their devices — and the data they contain. Using a cloud-based interface, IT can manage all school devices regardless if they are on or off the network.

With Absolute Computrace Data Protection Basic,\* IT can:

- Collect accurate information from each device about user identification, hardware status, and many other data points
- Create customised policies and alerts to be notified when a change to hardware or user is detected
- Remotely delete sensitive data on computers at risk
- Remotely freeze a lost or stolen device

## Absolute Persistence Technology

Absolute's patented persistence module is built into the firmware of many HP devices at the factory. Once activated, the Computrace agent\* can survive events such as operating system reinstallations, hard-drive reformat or if a tablet or smartphone is wiped clean to factory settings. This level of persistence allows customers to track, manage and secure devices – and, in the event of theft, recover the device. [absolute.com/persistence](http://absolute.com/persistence)

**Offerings available through HP Care Pack Services. Contact your local specialist for additional information on SKUs and pricing.**

## AbsoluteSoftware

\* The Computrace agent is shipped turned off, and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to multiple years. Service is limited, check with Absolute for availability outside the U.S.
