

HP PageWide XL 4000 Printer series

Do the work of two printers with one—faster and lower cost than LED¹

FASTER

Monochrome and color, faster than LED¹

- Move projects forward with up to 8 A1/D pgs/min monochrome and color, quick 30-second first page out
- Print, scan, copy in a single device—integrated 1200 dpi scanner with advanced and convenient workflows
- Consolidate—a single, easy-to-use device for all your monochrome and color printing/scanning needs
- Focus on your project, not the printer—up to 4 rolls with 100-page integrated top stacker

SAVE

Better document quality vs LED, lower cost¹

- Run at lower costs than low-volume LED¹—in monochrome and color
- Produce excellent technical documents—crisp lines, fine detail, smooth grayscales that beat LED²
- HP PageWide XL pigment ink for dark blacks, vivid colors, moisture/fade resistance—even on uncoated bond³
- Use half the energy per page compared to equivalent LED printers⁴

SECURE

Help keep data safe, meet IT standards

- Get a range of strict security features—self-encrypting HDD, Secure Disk Erase, IPSec, and PIN printing
- Reduce time and costs of managing individual drivers by using HP DesignJet Universal Print Driver
- Control your printer fleet with HP Web Jetadmin, monitor your device remotely with the HP Embedded Web Server
- Streamline your print workflow with HP SmartStream software, print easily with HP Click submission tool⁵

best of the best

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: hp.com/go/learnaboutsupplies

Note: HP PageWide XL printers are not designed to use continuous ink systems. HP PageWide XL printers are designed for ink cartridges to be used until they are empty. Refilling cartridges prior to depletion might cause the printer to fail, and voids the HP ink cartridge warranty.

¹ Fastest based on alternative low-volume LED printers and MFPs (under 7 A1/D pages/minute) as of April, 2015. Operational costs based on low-volume LED technology under \$20,000 USD in the market as of April, 2015. Operational costs consist of supplies and service costs. For testing criteria, see hp.com/go/pagewidexlclaims.

² For output produced with HP PageWide XL printers and LED printers from different manufacturers and that represent greater than 50% of the annual shipments of LED printers in North America as of 2014 according to IDC. For testing criteria, see hp.com/go/pagewidexlclaims.

³ Compared to prints produced with HP 970/971/980 inks that are fade and moisture resistant per ISO 11798 Permanence and Durability Methods certification. For testing criteria, see hp.com/go/pagewidexlclaims.

⁴ Conclusions based on internal HP testing for a specific use scenario. Comparable printers using LED technology based on LED printers capable of printing 4 to 6 A1/D pages per minute and which represent more than 80% of the share of mid-volume LED printers in the US and Europe according to IDC as of April, 2015. For testing criteria, see hp.com/go/pagewidexlclaims.

⁵ Once image is selected, one-click printing when printing the entire file without any modifications to the print settings. Applicable to PDF, JPEG, TIFF, and HP-GL/2 files. HP PageWide XL PostScript/PDF Upgrade Kit required for HP PageWide XL 4000/4500 Printers.

Elevate your on-the-job productivity. The HP PageWide XL 4000 Printer series consolidates monochrome and color printing, as well as print/scan/copy in a single device. Fast, quality document production keeps the focus on moving projects forward.

HP PageWide XL 4000 Printer series

- Boost your productivity
- Set a new quality standard for your technical documents
- Save space, reduce complexity
- Easy to use, easy to manage
- A better choice for the office—and the environment
- Select your file and click print⁵

Boost your productivity

The HP PageWide XL 4000 Printer series is designed to boost your productivity, whether you're printing a large project or a short job.

- With no warm-up time and ultra-fast processing, the HP PageWide XL 4000 Printer series can finish printing most jobs by the time other devices are still getting ready to print the first page
- With a print speed up to 8 A1/D pages per minute in both monochrome and color, dealing with peaks and printing large projects is no longer a hassle

Set a new quality standard for your technical documents

HP 841 PageWide XL Printheads, working with HP PageWide XL pigment ink, are designed to produce high-quality output with dark blacks, neutral grays, and vivid colors that are moisture and fade resistant.³

Accurate and reliable dot placement results in crisp lines, fine detail, and smooth grayscales. HP PageWide XL printers do not apply heat to the paper as part of the printing process, enabling very high levels of line accuracy ($\pm 0.1\%$).⁶

Save space, reduce complexity

The HP PageWide XL 4000 Printer series can do the job of two printers—faster and at lower operating costs than LED.¹ With a single device, you can save space and reduce complexity—you now have one less printer to manage on the network, and you no longer need to manage two sets of printing supplies.

Easy to use, easy to manage

The HP PageWide XL 4000 Printer series produces both monochrome and color in a single, easy-to-use device—with an MFP that can meet all your printing and scanning needs. The touchscreen interface enables simple, intuitive navigation and customization of print, scan, and copy functions. The status light provides at-a-glance status information from a distance. Replace ink or load new rolls simply and quickly. And run the printer unattended with four 400-ml HP ink cartridges and up to four 200-m (650-ft) long rolls.

A better choice for the office—and the environment

The HP PageWide XL 4000 Printer series integrates easily into the office, with typical ventilation.⁷ Both the printer and the MFP use a standard office plug for efficient energy consumption, and use half the energy per page compared to equivalent LED printers.⁸ Unlike LED technology, HP PageWide Technology operates without a fuser, generating reduced heat and noise—and produces no ozone.⁹ In addition, The HP PageWide XL 4000 Printer series has earned a number of leading environmental credentials including ENERGY STAR[®] certification and EPEAT[®] registration.¹⁰

Select your file and click print

With just one click,⁵ you can print common file formats—like PDF, JPEG, TIFF, and HP-GL/2—from a PC or a Mac to the HP PageWide XL 4000/4500 Printer series. Produce a broad range of applications, from posters to drawings and maps with HP Click printing software. You can also optimize media usage and costs with features such as PDF error check, auto-orientation, resizing and alignment, and automatic nesting.

- 1. Up to 4 rolls**—automatic roll switching when a roll is depleted or a different page size is selected
- 2. 400-ml HP ink supplies**
- 3. 203-mm (8-inch) touchscreen** with status light that reports at-a-glance current status from a distance; detailed preview and scan, copy, print presets help prevent errors and enable effortless operation
- 4. Top stacker** designed to save space and allows the printer to be placed against a wall; capacity up to 100 pages
- 5. Integrated 1200 dpi scanner**—scan at speeds up to 7.62 cm/sec (3 in/sec) in color and 25.4 cm/sec (10 in/sec) in grayscale; scan to a variety of file formats and work with advanced and convenient workflows
