

HP Pro Tablet Mobile Retail Solution

Bring the checkout to your customers

Create an efficient, mobile, customer-focused retail operation with the HP Pro Tablet Mobile Retail Solution, which combines the power and performance of the HP Pro Tablet 608 with the flexible payment enablement¹ capabilities of the HP Retail Case 8.

Note: Hand grip and shoulder strap are sold separately.

Note: Mobile payment device and charging dock are sold separately.

Enable quick, reliable transactions

Meet your customer and business needs with an 8-inch diagonal tablet solution that has 2048 x 1536 resolution, a quad-core Intel® Atom™ processor², integrated security and manageability, and easy USB connectivity.

Deliver counter-free productivity

Complete the sale on the go with a Windows-based tablet solution that offers optional wireless Qualcomm® Gobi™ or Intel® 4G LTE connectivity³, long battery life, and connectors for a portability-enhancing hand grip or shoulder strap.⁴ Enjoy Windows management and security features that support seamless integration with your existing Windows apps and infrastructure.

Pick your payment type

Enhance the customer experience with the payment terminal mount, which works with a range of devices¹ so you can accept credit and debit cards, EMV, contactless, NFC, Google Wallet™, and Apple Pay™. Rotate to portrait or landscape for easier handling.

Durable, secure and connected

Engage customers with a sleek, stylish design and rubber edges that help shield the tablet. Get USB and RJ-45 connectivity from the optional HP Pro Tablet Mobile Retail Charging Dock⁴, which also has integrated locking provisions so you can lock the solution to the dock and the dock to a fixed location like a counter or kiosk.^{5,6}

Carry it or wear it

Get premium portability from the light weight and slim profile that can be carried easily by hand, or use the connection points to attach an optional hand grip or shoulder strap⁴ and wear it as a crossbody to keep your hands free.

Get high quality remote troubleshooting assistance and, if needed, a replacement will arrive with shipping included, then just send your failed unit back to HP in pre-paid packaging.

1. Third-party vendor payment terminal and Internet access required and sold separately.
2. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
3. Built in Qualcomm® Gobi™ modules available in select HP products only and require wireless data service contract, network support, and factory configuration. Contact service provider to determine the coverage area and availability. 4G LTE not available in all regions. Connection speeds will vary due to location, environment, network conditions, and other factors.
4. Sold separately.
5. The dock charges the HP Pro Tablet Mobile Retail Solution (HP Pro Tablet 608 while housed in the HP Retail Case 8). Sold separately.
6. Locking slot included. Lock sold separately.
7. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See microsoft.com for details.
8. Chipset is integrated with processor. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance.
9. GB = 1 billion bytes. Actual formatted capacity is less.
10. microSD card sold separately.
11. Headphones are sold separately.
