

HP School Pack for non-education edition devices

Software solutions for the 21st century school

Enjoy out-of-the-box productivity with HP School Pack for non-education edition devices. The tools and content included are designed for collaborative, blended, and personalized learning. The bundle includes HP Classroom Manager¹ and solutions from Absolute², SPARKvue, Overdrive, and Oxford University Press.

Harness technology and embrace flexibility to redefine the classroom

Monitor student progress, reduce distractions, and enhance learning through collaborative discussions and document sharing with HP Classroom Manager 2.0¹. For no extra cost, get a perpetual license that includes updates and support for the life of the version you purchased.

Lock-tight security at your fingertips

Help protect student devices and data with Computrace Data Protection Basic², a Web-based³ security protocol that can remotely track, locate, and secure IT assets, lock a lost or stolen device, and delete personal data from a single console.

English language learning optimized through the cloud³

Access high-quality audio pronunciations, 100K+ sample sentences with context, and vocabulary with the Oxford University Press Advanced Learner's Dictionary plus the Oxford 3000 compilation of the most important English words and their primary definitions.

Global library access at your students' fingertips

Give your students the world with online access³ to 30,000+ libraries, schools, and colleges with OverDrive. Get access to 1.5 million+ e-books, audiobooks, and textbooks in K-12 subjects in 52 languages, and bonus materials available only to HP.

Incorporate hands-on STEM learning effortlessly

Empower students to experiment and investigate with SPARKvue, which connects through Bluetooth® or USB and delivers exceptional data collection, visualization, and analysis tools within a content-rich science environment. Included SPARKlabs offers 60+ free labs—including two just for HP.

1. HP Classroom Manager Teacher edition is required and sold separately as it contains the sole functionality to control and lock devices for all OS student versions.

2. HP School Pack includes a 3-month license of Computrace Data Protection Basic. Optional annual renewal available.

3. Internet connection required and sold separately.

Specifications

HP School Pack (HPSP non-EE devices)

Part number	M9S25AA

Absolute Computrace Data Protection Basic: Asset Administration; The Customer can centrally manage an entire deployment from a single cloud-based interface, the Absolute Customer Center. Changes in asset information can be monitored, regardless of whether a device is on or off the company network. In addition, Computrace Data Protection allows the Customer to: Prove licensing and regulatory compliance with detailed asset reports Use the data collected from each device to plan computer upgrades, migration, and retirement. Detect users operating outside of approved policies. Data and Device Security: The Customer can remotely and permanently delete sensitive data on missing computers and produce an audit log of deleted files to prove compliance with government and corporate regulations. Device Freeze allows the Customer to freeze a computer and display a custom message to instruct the user to comply with specific requests for action (return for servicing, validate user identity, etc.). The Remote File Retrieval feature allows the Customer to obtain files from a device, even if it is not within the Customer's control, and to avoid fines and other noncompliance penalties—including the negative publicity that can result from a data breach. SPARKvue: Simple and intuitive user interface uses existing device capabilities (cameras, microphones or built in accelerometers with tablets) or connect any of the more than 70 PA SPORT sensors which are all instantly recognized by the software. New assessment options include multiple choice, drop-down lists and free text. New lab authoring capabilities. Now embed video files in SPARKlabs. Cloud-based sharing with services such as Google Drive, Dropbox, and more. Bluetooth support. OverDrive: App available on Android, Windows 8 and Windows phone. Oxford University Press Advanced Learner's Dictionary: Access the site on a desktop, laptop or mobile device. Desktop: Chrome and Firefox. *Android mobile devices: Firefox and OLD Website Launcher app available for free in the Google Play store.
