

HP School Pack 2.5

HP School Pack 2.5

Digital tools to increase student engagement and achievement in the classroom

Today's schools have diverse needs. HP applies our extensive knowledge of educational technology to help educators compete in these innovative times. Our solutions provide students a safe learning environment with access to core content and open collaboration between teachers and peers. Educators are empowered to create meaningful learning experiences, inspire creativity, and critical thinking leading to better student outcomes.

HP School Pack 2.5 includes:

- HP Adaptive Learning created by Fishtree²
- HP Classroom Manager³
- HP Prime Graphing Calculator App
- HP Simple Sign-On created by Classlink⁴
- Codecademy⁵
- Corinth Classroom⁶
- Curriculum Matrix⁷
- OUP Advanced Learner's Dictionary
- SPARKvue

One of these options is HP School Pack 2.5,¹ an out-of-the box solution of digital tools and content designed for collaborative, standards-aligned, and personalized learning.

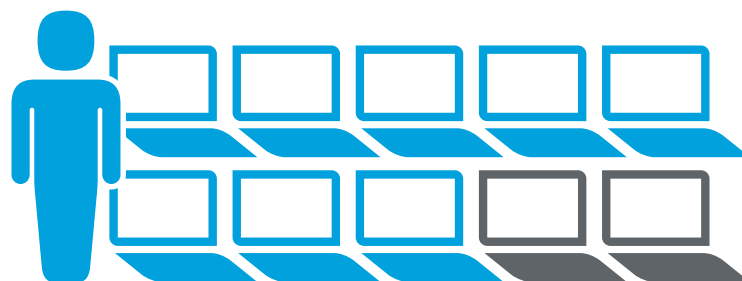

Technology and flexibility for the 21st Century Classroom

HP School Pack 2.5 is ready to deploy right from your school's HP hardware and mobile devices. Packed with supportive digital tools to encourage deeper learning. HP School Pack 2.5 is an upgrade from our first edition from 5 to 10 education partners, that offer solutions in personalized learning, STEM, language arts, classroom management, social networking, and device security.

Security and control at your fingertips

With HP School Pack 2.5 educators and administrators can protect student devices and data that can remotely track, locate, and secure IT assets. Lock lost or stolen devices, and delete personal data from a single console. HP School Pack 2.5 also allows educators to control their students devices while teaching a lesson, and quizzes and real-time responses are easy to manage with a user-friendly teacher interface that promotes in-class collaboration and supports personalized learning.

83%
of teachers
said it is extremely or very
important for great teachers
to incorporate technology to
help students learn.*

English language learning optimized through the cloud

Students gain access to high-quality audio pronunciations, 100K+ sample sentences with context, and topic vocabulary. HP School Pack 2.5 software includes a comprehensive dictionary that's in the cloud and regarded world-wide by educators. This valuable tool enhances language lesson materials for students at all stages of their learning.

57% of teachers
strongly agree
that technology engages
students in learning*

Thousands of valuable resources and content for educators and their students

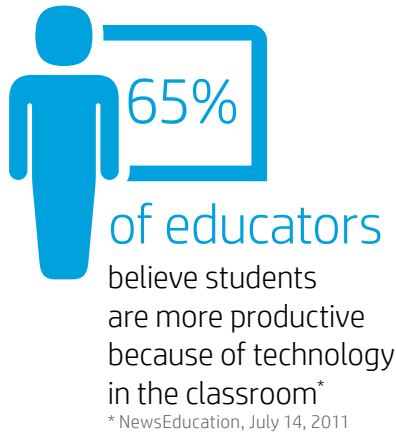

HP School Pack 2.5 has the resources your student needs in and out of the classroom. Our partners have publisher and educator created materials available in the cloud for easy access anytime, anywhere. Resources that have been vetted and an added bonus, standards-aligned and personalized to help students get what they need based on level and understanding. Whole schools can also create and upload their lessons to be shared internally with peers and more broadly with educators from around the globe. Most importantly, content that truly supports 21st century learning skills at the click of a button.

Collaboration made easy with user-friendly digital tools

Engage students in a collaborative learning environment daily with HP School Pack 2.5. Easily incorporate into lessons, shared projects, and materials via the cloud. Once shared, resources can be accessed by students anywhere. Collaboration can now happen anytime with chat support and file sharing. Students can also seek help from their teachers in a virtual environment that encourages questions, and deeper learning.

STEM amplified in the classroom

More and more STEM related activities and resources are being incorporated into curriculums worldwide to encourage students to embrace the sciences in new innovative ways that engage and challenge. HP School Pack 2.5 STEM programs are hands-on, interactive, and cover all the major sciences. The bundle offers 2D/3D modeling, labs, and quicker data gathering and analysis. Also, a comprehensive mathematics tool that allows students to calculate with confidence. Embrace STEM learning and make it look easy with 21st century digital tools that support stronger student outcomes.

Total access. True learning. Meaningful outcomes.

At HP, we're driven by the knowledge that, as we help build better education systems, we're helping achieve meaningful outcomes for us all. We leverage the combined experience of thousands of schools around the world in a scientific approach to education technology that enables personalized learning, deeper student engagement, instructional innovation, and better school management.
