

Data sheet

HP Collaboration PC G2

Meet with colleagues across town and around the world in an instant with Intel® Unite™ and Skype for Business⁵. The HP Collaboration PC and your choice of display and collaboration accessories² make it easier than ever to conference, show and share documents, and more.

HP Collaboration PC G2*

*Shown with recommended Dual VESA Sleeve², UltraSlim Cable,² and Large format display² (sold separately).

Super simple collaboration.

Timesaver conferencing

- Skip the time spent cabling and working with multiple software settings and get right to your meeting. Just enter your PIN and launch Intel® Unite™ with integrated Skype for Business⁵ plug-in. It's that easy!

Show and tell

- Boost productivity by collaborating with remote and local teams using real-time screen sharing and document annotation.

Crystal clear connection

- Experience smooth audio connectivity through Skype for Business⁵ and communicate with users around the globe.

No host required

- Get everybody on the same page with immediate startups that don't require a host to initiate the conference.

Designed for every demand

- Get blazing fast collaboration power from Windows 10 Pro¹ and your choice of Intel® 6th Gen processors³ with vPro™.⁴

Security and manageability made easy

- Help protect your data and simplify management with a portfolio of HP security and manageability solutions.

One-and-done login

- Instantly collaborate with Intel® Unite™ software, which allows users to connect with just a PIN.

Bigger, better Skype

- Expand Skype for Business⁵ to your conferencing with the plug-in included on every HP Collaboration PC.

Place it where you need it

- Set up for any-sized room with a range of HP display and collaboration accessories,² and mount the PC easily with the integrated VESA.

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>. Available on select configurations and sold separately.
2. Sold separately or as optional features.
3. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
4. Some functionality of this technology, such as Intel® Active management technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for Intel vPro technology is dependent on 3rd party software providers.
5. Skype for Business subscription required.

Just plug the components in and place them where needed
(notebooks and large format display sold separately)

HP Services

Downtime can have serious consequences, so HP provides support beyond the standard limited warranty. You benefit from reduced risk, maximized uptime, predictable service delivery and no unbudgeted repair costs.

HP UC Speakerphone Mounting Bracket – T4E62AA	Mount your HP UC Speakerphone to a table easily with the addition of this mounting bracket.

- 1 Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>
- 2 Intel® processor numbers are not a measure of performance. Processor numbers differentiate features within each processor family, not across different processor families.
- 3 High definition (HD) content is required to view high-definition images.
- 4 For hard drives and solid state drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 7 GB of system disk is reserved for system software.
- 5 Wireless access point and Internet service required and not included. Availability of public wireless access points limited.
- 6 External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.
- 7 EPEAT® registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
- 8 HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.
- 9 Sold separately or as optional features.
- 10 Windows 10 preinstalled is planned to be available in October 2015 for this platform.]
11. Skype for Business subscription required.
