

HP Indigo Production Management Course

For Owners and Production Managers

Print service providers continually seek to better understand the changing dynamics of their business.

“As the VP of Operations, I found the class to be very informative. Additionally, the opportunity to interact with others in a similar position provided invaluable information. Overall I felt that my time was well spent taking this course.”

– Gordon Eitel | Howard Press

“The session was full of great information and I enjoyed it a lot. We have already started using the information I received and it will definitely improve our processes, our quality and consistency and ultimately our bottom line.”

–Bruce Boyd | General Manager, Labels West Inc.

Production Management Course

The Production Management Course (PMC) offers an insight on managing a HP Indigo Digital Press environment to achieve maximum efficiencies, repeatability and uptime. The PMC training provides knowledge and resources to enable a Production Manager to establish and maintain best practices and achieve operational standards. There is a concerted effort to improve management's understanding and knowledge in regards to the overall press technology.

Topics of discussion include:

- Core Technology Understanding
- Best Practices
 - Maintenance
 - Service
 - Consumables
 - Media/Substrate
- Management Know-How
 - Operator Selection
 - Navigating the MyHPIndigo website
 - Scheduling & Workflow Management

Who should attend?

Business Owners and Production Managers who will be required to oversee the digital print business and/or production environment.
