

Brief

A valuable healthcare tool designed for patients

HP Pro Slate 10 EE for Healthcare

Personalize patient experiences and enable end-to-end care from the hospital to home and everywhere in between with the HP Pro Slate 10 EE.

74% 

of hospitals that use tablets or other mobile devices to collect information from patients are **more efficient** than those that don't.*

79% 

of hospital patients surveyed feel **more connected** to healthcare providers who don't spend a lot of time on paperwork during visits.*

Improve patient engagement and population health

When it comes to healthcare, having quick, easy, and secure access to relevant information can make all the difference in the world for providers and patients alike. HP is focused on making that happen by providing solutions like the HP Pro Slate 10 EE that enable patient engagement and help make services available to populations large and small. Additionally, the right software and peripherals can provide patients and caregivers with more engaging and interactive tools to help them manage their conditions, and give clinicians a way to monitor their patients remotely.

Engaging and easy to use

Encourage patient interaction and education with Android™ OS-based apps and content on an intuitive 10.1-inch diagonal HD touchscreen. The garaged and tethered stylus supports signing documents onscreen, and stores securely when not in use.

Ready to go where your patients go

Give patients a solution that's useful during checkups, hospital stays, and home-based follow-ups. The durable case can be easily cleaned¹ and passes IP52 testing for dust and moisture² and HP's Total Test Process for drops.³

Tech for every step

Empower patients to stay engaged with their care network with an affordable, robust solution. The quad-core Intel® processor,⁴ up to 10-hour battery life,⁵ and wireless options⁶ help keep them connected throughout their journeys.

Integrated security

Help keep patient data safe with a tamper-resistant design and the built-in encryption and advanced malware protection features of the security-enhanced Android™ OS.

Face-to-face communication

Patients can communicate and follow up with care teams via real-time video chats through the built-in webcams⁷ and optional WWAN connection.⁸

*Harris Poll online survey conducted on behalf of Ricoh Americas Corporation, February 2015.

Intuitive Android™ apps

Enable easy access to a range of web-based⁷ apps and content through Android™.

Simple display connectivity

Connect to a personal external display with secure, wired micro-HDMI or wireless Miracast.⁹

Secure, hardwired keyboard

Type easily when placing the tablet in the optional HP Pro 10 EE G1 Keyboard Base.¹⁰

Protect against accidents

Accidents happen, and optional HP Accidental Damage Protection covers spills, drops, falls, and more.¹¹

Less paperwork

Reduce the burden of paperwork for both care providers and patients, allowing providers to spend more one-on-one time with patients, and increase patient confidence by using the latest technology.

A trusted brand

Invest confidently with HP's world-class one-year limited warranty and reliable 12-month managed lifecycle transitions.¹¹

Enabling education, empowering patients

The HP Pro Slate 10 EE is designed to improve engagement and is optimized for mobility.

Optional stylus—Choose a natural handwriting experience for signing consent forms, e-journaling, and completing patient surveys.

Truly mobile—Ultra-reliable, enterprise-class dual band wireless and optional 3G WWAN⁸ connectivity allow patient education in and out of a hospital setting.

Durable for daily use—Seasoned for harsh conditions, this tablet has passed IP52 testing for dust and moisture² and HP's Total Test Process for drops.³

HP Touchpoint Manager—A cloud-based IT manageability solution made simple. Manage all your devices from a Chrome notebook, smartphone, or tablet. Manage data, devices, or users from anywhere, and get more done thanks to one simple-to-understand dashboard.¹²

HP Care—Care Pack offerings like Installation, Image and Application Load, and Next Business Day Onsite with Accidental Damage Protection, help customers get their mobile solutions up and running while keeping them protected and operable down the line.¹¹

1 See product user guide for cleaning instructions.

2 IP52 test results are not a guarantee of future performance under these test condition.

3 HP Total Test Process drop test results are not a guarantee of future performance under these test conditions. Drop and other accidental damage requires an optional HP Accidental Damage Protection Care Pack.

4 Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

5 Tested by HP using continuous HD video playback, 720p (1280 x 720) resolution, 150 nits brightness, system audio level at 50%, player audio level at 100%, played from local storage, headphone attached, wireless off, auto dimming off. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.

6 Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Mobile broadband is an optional feature, requires factory configuration and separately purchased wireless data service contract and network support, and is not available in all areas. Check with provider for availability and coverage in your area.

7 Internet connection required and sold separately.

8 WWAN is an optional feature and requires separately purchased service contract. Check with service provider for coverage and availability in your area

9 A Miracast dongle (sold separately) is required if the projector or monitor is not Miracast-enabled.

10 Sold separately.

11 HP Care Packs are sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

12 HP Touchpoint Manager requires purchase of a subscription and supports Android™, iOS and Windows 7 or higher operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see hp.com/go/touchpoint for availability information.
