

HP Pro Tablet 10 EE G1 Healthcare

Personalize patient experiences and intuitively enable end-to-end, interactive care from check-in to discharge to home with the durable HP Pro Tablet 10 EE.

- Windows 10 Pro¹
- 10.1-inch diagonal display

Engaging and easy to use

Encourage patient interaction and education with an easy-to-use 10-inch diagonal HD touchscreen. The garaged and tethered stylus supports signing documents onscreen, and stores securely when not in use.

Ready to go where your patients go

Give patients a solution that's useful during checkups, hospital stays, and home-based follow ups. The durable case can be easily cleaned¹ and passes IP52 testing for dust and moisture² and HP's Total Test Process for drops.³

Tech for every step

Empower patients to stay engaged with their care network with an affordable, robust solution. The quad-core Intel® processor⁴, up to 10-hour battery life⁵, and wireless options⁶ help keep them connected throughout their journey.

Integrated security.

Help keep patient data safe with a tamper-resistant design and the built-in encryption and advanced malware protection features of Windows 10.⁷

Featuring

- Communicate and follow-up with care teams with real-time video chats through the built-in webcams.⁸

² IP52 test results are not a guarantee of future performance under these test conditions.

³ HP Total Test Process drop test results are not a guarantee of future performance under these test conditions. Drop and other accidental damage requires an optional HP Accidental Damage Protection Care Pack.

⁴ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

⁵ Tested by HP using continuous HD video playback, 720p (1280 x 720) resolution, 150 nits brightness, system audio level at 50%, player audio level at 100%, played from local storage, headphone attached, wireless off, auto dimming off. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.

⁶ Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Mobile broadband is an optional feature, requires factory configuration and separately purchased wireless data service contract and network support, and is not available in all areas. Check with provider for availability and coverage in your area.

⁷ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>.

⁸ Internet connection required and sold separately.

⁹ A Miracast dongle (sold separately) is required if the projector or monitor is not Miracast-enabled.

¹⁰ Sold separately.

¹¹ HP Care Packs are sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.
