

# HP Z Cooler (Z840)

The silence is overwhelming

Stay on task with the HP Z Cooler, an innovative, ultra-quiet cooling solution designed to reduce system noise in your HP Z Workstation environment so you can focus on your project, even under the most demanding workloads.

## Create a quiet workspace

Deploy the HP Z Cooler, one of the industry's quietest solutions, in multi-workstation environments to help minimize distractions and boost productivity.

## Efficiency redefined

Experience lowered CPU fan speed and an acoustic level reduction up to 8.5dBA<sup>1</sup> from HP's unique, revolutionary heat-transfer solution that combines 3D vapor chamber technology and HP's innovative hex-fin design.

<sup>1</sup> Compared to HP's previous generation liquid cooling technology.

<sup>2</sup> One year, or the remaining warranty of the HP Workstation in which the HP Z Cooler is installed.

## Innovated by HP

Get an elegant, simplified solution that eliminates pumps and plumbing, is grounded in 30 years of HP innovation and reliability, and is supported by a world-class HP limited warranty<sup>2</sup>.
