

HP Pro Tablet Mobile Payment Solution

Take mobile commerce to the max

Conduct transactions, take tableside orders, and assist customers right on the floor—from virtually anywhere—with the HP Pro Tablet Mobile Payment Solution, which combines the power of the HP Pro Tablet 608 with the portable payment enablement¹ capabilities of the HP Payment Jacket.

Run your business from the palm of your hand

Be more efficient with a fully integrated mPOS solution¹ that accepts all major methods of payment, including credit cards, debit cards, EMV, contactless, NFC, and Apple Pay™.

Break free from the counter

Close the sale at the customer with optional wireless connectivity², long battery life, an optional multi-unit charging station³, and portability-enhancing hand grips and shoulder strap³ connectors.

Impress your customers

Deliver quick, reliable transactions on an 8-inch diagonal mobile solution with 2048 x 1536 resolution, a quad-core Intel® Atom™ processor⁴, integrated security and manageability, and easy USB connectivity to the optional Verifone e355³.

Design your deployment

Configure the optional VeriFone e355 with a barcode scanner^{1,3} or add a multi-unit charging station³ that charges both the tablet and Verifone e355 so you're ready to go on a moment's notice.

Familiar productivity perks

Enjoy Windows management and security features that support seamless integration with your existing Windows apps and infrastructure.

Integrate with ease

Attach the HP Payment Jacket to the HP Pro Tablet 608 and the optional³ Verifone e355 to the Jacket to accept payments and charge both devices with either the tablet's AC adapter or the optional³ Verifone multi-unit charging station.

Get a grip

Experience perfect portability with attachable hand grips and connection points for a shoulder strap.³ Handle transactions on the fly with ergonomic barcode scan activation buttons and a tether cable⁴ for the optional Verifone e355.³

HP 3 Years Next Business Day Advance Exchange Mobile Point Of Sale Unit Only Service (U9AK2E)	You won't be down for long with HP Advanced Exchange Service. Get high quality remote troubleshooting assistance and, if needed, a replacement will arrive with shipping included, then just send your failed unit back to HP in pre-paid packaging.

1. Verifone e355 and Internet access required and sold separately.

2. Built in mobile broadband modules available in select HP products only and require wireless data service contract, network support, and factory configuration. Contact service provider to determine the coverage area and availability. 4G LTE not available in all regions. Connection speeds will vary due to location, environment, network conditions, and other factors.

3. Sold separately.

4. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

5. Purchased separately from Verifone or from an authorized Verifone reseller.

6. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See microsoft.com for details.

7. Varies by configuration.

8. GB = 1 billion bytes. Actual formatted capacity is less.

9. HD Content required to view in HD.

10. Internet access required.

11. Tested by HP using continuous HD video playback, 1080p (1280x720) resolution, 200 nits brightness, system audio level at 50%, played from external storage, headphone attached, airplane mode enabled. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.
