HP Indigo Canvas Sample Kit

Canvas prints are one of the fastest growing applications in the photo merchandise market. Now you can also be a part of this success with HP Indigo, offering a new capability to produce high-value, high-quality canvas prints using One Shot Color technology.

The HP Indigo solution supports canvas printing with high productivity on the sheetfed HP Indigo 7800 Digital Press, HP Indigo 5600 Digital Press, and web-fed HP Indigo WS6600p Digital Press using Felix Schoeller E-CANVAS for HP Indigo.

This kit contains the following samples:

1. Canvas bag. Created from two A3 sheets and sewn.
2. 20x20 cm canvas square print. Gallery wrapped.
3. Image on rolled canvas. Full frame with bleeds.
4. Canvas covered notepad
