

HP Mobile Hot Spot

Wi-Fi in more places

Get online in a snap with the HP Mobile Hot Spot¹, a mobile Wi-Fi device that works with HP Mobile Connect, public Wi-Fi, or your choice of mobile Internet provider.

Easy connectivity

Connect up to ten devices to the Internet through a wireless connection or one device through a USB connection.¹

Choose your network

Use with your 3G or LTE data plan (sold separately), or any available Wi-Fi or mobile Internet connection. The device automatically switches to any recognized Wi-Fi connection to help you save costs.¹

Carry it with you

Take your Wi-Fi to go. The compact HP Mobile Hot Spot fits neatly inside your notebook or tablet carrying case alongside your device.

World-class support

Rest easy with a one-year parts replacement limited warranty.

¹ HP Mobile Hot Spot requires an active Internet connection or a separately-purchased data plan. While HP Mobile Hot Spot is active, on-device applications will continue to work and will use the same data plan as the HP Mobile Hot Spot. HP Mobile Hot Spot data usage may incur additional charges.

Specifications

HP Mobile Hot Spot

Part number	M5T50AA
Dimensions	3.89 x 2.28 x .50 in (96.8 x 58.0 x 12.8 mm)
