

# Empower your workforce with anywhere, anytime access to information.

Streamline your print materials into a digital source and give maintenance and field service workers secure access to records, training manuals, and more—wherever work takes them—with the hardware, software, connectivity, and service selections<sup>1</sup> of the HP Mobile Manual tablet solution.

HP Mobile Manual is a field-ready, end-to-end solution designed for the unique needs of mobile field service personnel that require secure access to up-to-date information needed to get their job done fast.

HP Mobile Manual allows you to create the best configurable solution for your specific deployment. Bring your own tablet, or begin with the HP ElitePad 1000 Rugged Tablet.<sup>1</sup> Next, choose from a selection of hardware, software, and services that have been tested to seamlessly work together.

- HP Connected MX<sup>1</sup>—Cloud-based mobile information management
- HP TouchPoint Manager<sup>2</sup>—Cloud-based IT management (optional)
- Tablet Shoulder Strap—Enhanced portability
- 3-Year Warranty—Accidental Damage Protection<sup>3</sup>

• Key features and benefits

**The true Windows® tablet for business**— Keep the pace in and out of the office with the HP ElitePad 1000 Rugged Tablet, a Windows tablet solution designed to go wherever you go and whatever you do—throughout the day.

- Make the solution part of your secure IT environment with an integrated smartcard reader with FIPS-140-2 encryption and IPS-201 certification, HP Client Security and HP BIOS Protection solutions, and full disk encryption.

- Enjoy wide viewing angles on the 10.1-inch diagonal, 1920 x 1200, Full HD, multi-touch display with durable Corning® Gorilla® Glass 3.
- Designed to be cleaned and pass IP65<sup>4</sup> for water and dust and MIL-STD810G testing.<sup>5</sup>
- Power through your shift with up to 20 hours<sup>6</sup> battery life and use the 2D barcode reader (select configurations) to quickly access information such as inventory data.

**Centrally managed solution for mobile information**— By integrating policy-based endpoint protection with rule-based file synchronization and sharing of information assets, **HP Connected MX<sup>1</sup>** enables organizations, for the first time, to have a centrally managed solution for mobile information without compromising business expectations and mobile workforce productivity and conveniences. Centralizing the organizational information:

- Enables you to confidently deliver information to your mobile workforce while facilitating control and protection of information at the edge.
- Allows field service workers to quickly retrieve the most current documents right on their tablet—with convenience and empowerment for enhanced service.
- Aligns data movement to corporate security procedures.
- Defines policies that affect both internal and external access to your organizational information.

**Cloud-based IT Management made simple**— Loaded with features that put you in control, **HP Touchpoint Manager<sup>2</sup>** facilitates managing all your Windows, Android™ or iOS devices—including smartphones, tablets, notebooks and desktops—no matter where you or your devices are located.

- From helping you enforce a mobile security policy to wiping a device, HP Touchpoint Manager provides the tools you need to ensure all your managed devices' security—and brings you greater peace of mind.
- With frequent releases included in your subscription, HP Touchpoint Manager delivers more tools for you to protect your assets, avoid surprises, and keep everyone productive.

**Free Your Hands**— The **HP ElitePad 1000G2 Rugged Tablet Shoulder Strap** gives you enhanced portability and hands-free convenience.

- Simply attach the adjustable strap to your tablet with the included quick release pin.
- Lengthen or shorten to suit your comfort level.

**HP Care Pack**— In the event that peril finds your solution, don't worry—HP Accidental Damage Protection covers spills, drops, falls, and more.<sup>3</sup>

- Memory: 4 GB 1067 MHz LPDDR3 SDRAM.
- Internal Storage: 128 GB eMMC.<sup>8</sup>
- Certifications: IP 65<sup>4</sup> and MIL-STD 810G.<sup>5</sup>
- Wireless Tech: Broadcom 802.11a/b/g/n (2x2) and Bluetooth® 4.0; HP hs3110 HSPA+ Mobile Broadband with GPS support; HP lt4111 LTE/EV-DO/HSPA+ Qualcomm® Gobi™ 4G Module with GPS support.<sup>9</sup>
- Camera: 2.1 MP, 1080p (front-facing); 8 MP, LED flash (rear-facing).

### HP Connected MX

HP Connected MX<sup>1</sup> addresses the challenges of managing mobile information within a dispersed corporate environment. Organizations need a solution that delivers business assurance with corporate intelligence, control, security, and information analytics without compromising end-user productivity or conveniences. HP Connected MX enables organizations to confidently deliver information accessibility to their mobile workforce while facilitating organizational visibility, control, and protection of information at the edge.

The HP Connect MX can be used on mobile devices running Microsoft® Windows and Apple Mac OS. Languages supported: HP Connected MX v2.0.0: English only.

### HP TouchPoint Manager (Optional)

HP Touchpoint Manager<sup>2</sup> is a platform agnostic solution. You can manage devices from different manufacturers. Any smartphone, tablet, notebook or desktop that runs Windows, Android or iOS can be managed by HP Touchpoint Manager.

### HP ElitePad 100G2 Rugged Tablet Shoulder Strap

- Length: Adjustable from 35 to 74 cm (13.5 to 29.1 in) from middle of pad.
- Strap Width: 2 cm (0.78 in).
- Shoulder Pad Width: 4.3 cm (1.69 in) – thickest point in the middle.
- Product Material: PC Plastic; Neoprene (strap); Nylon (webbing).

### HP Accidental Damage Protection

- 3-Year Warranty<sup>3</sup>

<sup>1</sup> Sold separately.

<sup>2</sup> HP Touchpoint Manager supports Android™, iOS, and Windows operating systems, and PCs, notebooks, tablets, and smartphones from various manufacturers. Not available in all countries. See [hp.com/touchpoint](http://hp.com/touchpoint) for availability information. HP Touchpoint Manager requires purchase of a subscription.

<sup>3</sup> Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

<sup>4</sup> The product is covered up to IP 65 under the limited warranty for dust and water ingress.

<sup>5</sup> MIL STD 810G testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Damage under the MIL STD test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

<sup>6</sup> Testing conducted by HP consisting of full battery discharge while running a series of productivity scripts against the following applications (which may or may not be included with your particular product): Adobe® Acrobat® Readers 7.0, Adobe® Illustrator® CS2, Adobe® Photoshop® CS2, Apple® Quicktime 7.1, Intervideo® WinDVD® 8, Macromedia® Flash 8, Microsoft® Office® 2003 Pro, Microsoft® Project 2003, and Winzip® 10.0. Prior to testing, the System was fully charged, display brightness was set at 60 nits, wireless was turned off, and auto dim, suspend, hibernate, and all other programs, utilities, and services not essential to running the computer system or battery life test were disabled. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage.

<sup>7</sup> Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

<sup>8</sup> For Solid State Drives (SSD), GB = 1 billion bytes. Actual formatted capacity is less. Up to 5 GB for Windows 8.1 is reserved for system recovery software.

<sup>9</sup> HP Mobile Broadband and Gobi 4G LTE WWAN are sold separately or as add on features, not available in all regions and require separately purchased service contract. Check with service provider for coverage and availability. Connection speeds will vary due to location, environment, network conditions, and other factors. 4G LTE is not available in all products, regions.
