

A full-featured HP Enterprise Flow MFP that streamlines digital workflow with advanced HP Flow solutions, safeguards business data and documents with a robust suite of top-flight security features, and offers simple, efficient mobile printing.

Finish faster—without missing a page—using single-pass, dual-head scanning, and the automatic document feeder.

Increase efficiency and streamline workflow with a suite of HP Flow MFP features and scanning solutions.

Easily tackle large jobs with a paper capacity of up to 3,100 sheets, and paper-finishing options.¹

Quickly troubleshoot problems with cloud-based help services that are relevant and up to date.³

Safeguard and manage your printing with the HP Imaging and Printing Security Center and HP Web Jetadmin.⁴

Confidently safeguard the sensitive data sent to your MFP with the encrypted hard drive.

Depend on this MFP for easy solutions as technologies advance.

Safeguard security keys, passwords, and certificates with the HP Trusted Platform Module.⁶

Enable optional touch-to-print and touch-to-authenticate convenience from mobile devices.⁸

Enable secure peer-to-peer direct-access mobile printing without connecting to the corporate network.⁹

Easily print from a variety of smartphones and tablets—generally no setup or apps required.⁷

¹ Optional high-input paper trays must be purchased separately. ³ Online help must be enabled on the printer or MFP. Mobile device must have an Internet connection to access online services. ⁴ HP Web Jetadmin is free and available for download at hp.com/go/webjetadmin. ⁶ Use of the optional HP Trusted Platform Module accessory may require a firmware upgrade. ⁷ Wireless operations are compatible with 2.4 GHz operations only. App or software and HP ePrint account registration may also be required. Some features require purchase of an optional accessory. Learn more at hp.com/go/mobileprinting. ⁸ HP touch-to-print requires purchase of an optional module. Mobile device must support near field communications-enabled printing. For a list of supported devices, see hp.com/go/businessmobileprinting. ⁹ Wireless direct printing requires purchase of optional module. Mobile device needs to be connected directly to the WiFi network of a wireless-direct capable MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the MFP or printer. For details, see hp.com/go/businessmobileprinting.
