

HP School Pack 2.5 featuring HP Adaptive Learning created by Fishtree

Focus on your students' individual learning styles

Meet and exceed the global requirements of learners with HP School Pack 2.5, an out-of-the box solution of digital tools and content designed for collaborative, standards-aligned, and personalized learning—and HP Adaptive Learning created by Fishtree, the personalized platform that allows educators to customize lessons based on student needs, upload content, and access thousands of standards-aligned resources from other educators and highly regarded publishers.

HP Adaptive Learning created by Fishtree

The adaptive learning platform that equips schools with the necessary tools to successfully integrate technology and personalize learning easily and effectively.

Unlock students' full potential by bringing personalized instruction to every classroom. HP Adaptive Learning created by Fishtree equips schools with the necessary tools to successfully integrate technology and personalized learning easily and effectively. Ultimately, helping students learn while saving teachers valuable instruction time.

User Friendly Lesson Planner

Educators can create lessons and assign them to students with just one click. Align content to any standard, skill or competency. Resources are recommended via the content library based on the learning objectives outlined. Resources include video, articles, podcasts and real-time media tailored to the lesson. There is also an extensive library of shared lessons created by peers in various subjects, and use the internal search feature to access the internet directly for more content.

Identify Student Learning Needs

Gain insight into students' progress and performance with the help of the "Performance Response" tool which allows for intervention and additional work based on the student's individual learning style.

Social Streaming that's Safe

Using the internal social network available to students and educators allows for a more collaborative workspace and encourages an environment of learning anywhere, anytime. Exchange ideas, and encourage discussion of concepts central to each lesson, while supporting a safe interaction focused on education, mutual respect, and positive digital citizenship.

Educators can Further their Professional Development

Engage in training via an easy to use interface that provides the ideal digital platform for professional development through blended, flipped and mobile learning. Access resources and integrate social media to connect with peers and find support from a skilled team of experts across various subject areas.
