

# Versatile and adaptable for patient care

## HP Elite x2 1012 for Healthcare

Optimized for collaboration across a healthcare team, the HP Elite x2 1012 was engineered for exceptional performance and portability to keep pace in a modern healthcare environment.

**Point of care technology** | A seamless blend of PC power and unbound portability, the HP Elite x2 1012 combines advanced laptop performance and tablet mobility to enable fast, secure access to relevant patient information anywhere you need it. Ten hours of battery life ensure optimal patient-centered care delivery lasts from the clinic to the hospital and back.<sup>1</sup> Quickly recharge with an HP fast charging battery that delivers up to 50 percent battery life in just 30 minutes of charging.<sup>2</sup> This highly mobile detachable PC enables you to deliver optimal patient-centered care and improve the patient experience, resulting in increased satisfaction.

### Create multi-user workspaces in

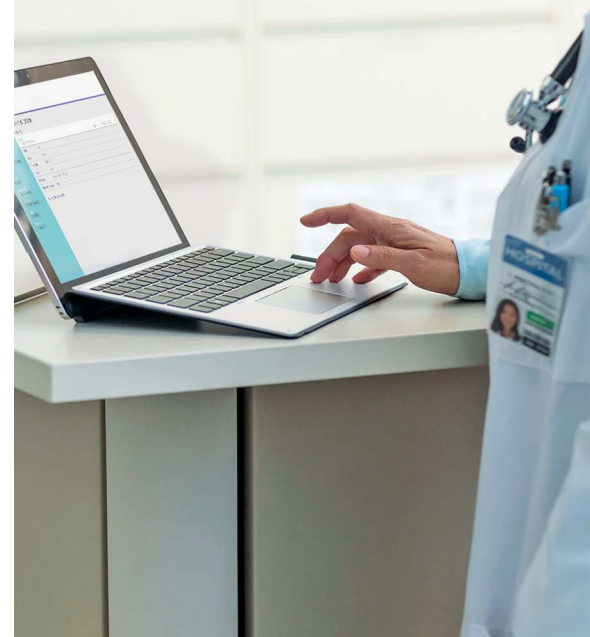

offices, common areas, nurses' stations, doctors' lounges, and more with the optional HP Elite Thunderbolt 3 90W Dock, offering expansive device, display, and network connectivity plus simultaneous charging of your system through one simple cable from the dock to your HP Elite x2 1012.<sup>8</sup>

**Designed for healthcare collaboration** | Certified for Skype for Business®, the HP Elite x2 1012 keeps you in touch and in sync with other healthcare professionals, wherever you are. HP Noise Cancellation software improves the collaborative experience by applying industry-leading, noise-filtering technology to all inbound and outbound audio for effective online calls and meetings. Use the optional HP Active Pen with App Launch to write or draw onscreen or interact with your touch applications.<sup>3</sup> Enter patient data or take notes using the HP Elite x2 Collaboration Keyboard and share with others on the healthcare team with the touch of a button.

**Up to the challenge of healthcare** | The HP Elite x2 1012 unites the durability and security needed in today's healthcare environment. Engineered to be protected from daily bumps and jostling, the HP Elite x2 1012 passes MIL-STD-810G testing.<sup>4</sup> HP Sure Start Gen3 BIOS protection helps thwart security breaches and ensure you start with a safe, secure HP BIOS every time.<sup>5</sup> Protect sensitive patient information with the latest enterprise-class security features from HP and Windows 10 Pro.<sup>6</sup> And check out our smartphone app, HP Workwise, which provides PC security for your devices.<sup>7</sup>

## Focus on care delivery, not technology

HP knows your business is healthcare, not information technology. The HP Elite x2 1012 is ready for centralized management with features that make it easy to deploy and manage.

**Speed up deployment and ease management** | The HP Manageability Integration Kit helps speed up image creation and management of hardware, BIOS, and security through the Microsoft System Center Configuration Manager.<sup>9</sup>

**Get PC images right the first time** | Improve the quality and security of custom Windows images with HP Image Assistant, which helps ITDMs with image creation, identifies problems, and provides recommendations and remediation.

**Easy to service and upgrade** | In-field serviceability makes it easier to expand your system's memory, battery, storage, and WWAN components.<sup>10,11</sup>

## Valuable support at your service

Rest assured that you can talk to an agent anytime with HP Elite Premium Support, at no additional charge.<sup>12</sup> Simplify technical support with HP Helpdesk by HP Care. Instead of hiring in-house IT, rely on cost-effective expertise that's available to you 24 x 7. Choose from different coverage options for instant assistance with issues including configuration, linking, operation, and more.<sup>13</sup> Maintain a productive system environment with Global Series support.

Other Care Pack offerings like Installation, Image and Application Load, and Next Business Day Onsite with Accidental Damage Protection help get your mobile solutions up and running while keeping them protected and operable down the line.<sup>14</sup>

1. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See [www.bapco.com](http://www.bapco.com) for additional details. 2. HP fast charging battery recharges up to 50% within 30 minutes when the system is off or in standby mode. Power adapter with a minimum capacity of 65 watts is required. After battery has reached 50% capacity, charging will return to normal. Charging time will vary  $\pm 10\%$  due to system tolerance. 3. HP Active Pen sold separately or as an optional feature. 4. MIL-STD-810G testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Damage under the MIL-STD test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack. 5. HP Sure Start Gen3 is available on HP Elite products equipped with 7th generation Intel processors. 6. Not all features are available in all editions or versions of Windows. Systems may require upgrades, separately purchased hardware, drivers, and/or software to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See [windows.com](http://windows.com). 7. HP Workwise smartphone app is available as a free download on the App Store and Google Play. 8. Dock sold separately. Install all the latest drivers for your Thunderbolt device before connecting the device to the Thunderbolt port. Thunderbolt cable and Thunderbolt device (sold separately) must be compatible with Windows. To determine whether your device is Thunderbolt Certified for Windows, see <https://thunderbolttechnology.net/products>. 9. HP Manageability Integration Kit can be downloaded from <http://www8.hp.com/us/en/ads/clientmanagement/overview.html>. 10. Serviceable by HP Support, HP Certified Technicians, HP Authorized Service Providers, or participants in HP's Self Maintainer Program. See <http://partner.hp.com/SMprogram>. 11. Optional features sold separately or as add on features. WWAN requires separately purchased service contract. Check with service provider for coverage and availability in your area. 12. Elite support only available in the U.S. and Canada in English. 13. HP Care Services are optional. Service levels and response times for HP Care Services may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [hp.com/go/cpc](http://hp.com/go/cpc). HP services are governed by the applicable HP terms and conditions of service provided or indicated to customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP product. 14. Some functionality of this technology, such as Intel Active Management Technology and Intel Virtualization Technology, requires additional third-party software in order to run. Availability of future "virtual appliances" applications for Intel vPro Technology is dependent on third-party software providers.
