## High-volume printing, high-value partners

Expand print, scan, and copy capabilities in high-volume office environments with this HP MFP that prints up to 65 pages per minute. Finishing options,<sup>1</sup> fleet-management tools, and security solutions help organizations enhance performance.

The world's most preferred printers.

### Follow a proven path to success

- Save up to 30% on printing costs while freeing up IT to focus on other priorities.<sup>2</sup>
- Better manage your assets. Our managed print services experts help you get the most out of your investments.
- We provide the right mix of devices, software and services to improve productivity and streamline workflow.
- Operate more efficiently and drive down long-term costs through ongoing management and support services.

### Designed for production environments

- Finish faster – enable teams to capture printed documents faster with two-sided, single-pass scanning.
- Spend less time reloading supplies with a workhorse MFP that offers high duty cycles and paper capacity.
- Save network space, decrease traffic, and maintain image quality by compressing the size of scanned PDFs.
- Safeguard the sensitive information sent to the HP MFP S975dn with the built-in secure hard disk drive.

### Fine-tuned fleet control

- Streamline device integration with HP Web Jetadmin's discovery and remote monitoring features.<sup>3</sup>
- HP Universal Print Driver with included PCL 6 and PostScript protocols makes printing easy for all.
- Protect confidential documents with fleet-wide authentication measures and a centralised security solution.<sup>4</sup>
- Consolidate and streamline document scanning, sending, and tracking with HP Capture and Route.<sup>5</sup>

### Keep business moving

- Print, scan, copy, and fax<sup>6</sup> using the colour touchscreen with live preview and real-time editing features.
- Email documents and add text directly from the device with the large pull-out keyboard. No fuss, no delay.
- Equip users to work faster with direct scanning and routing to email and network folders.
- Increase productivity in light-production environments with professional finishing options.<sup>1</sup>

## Footnotes

<sup>1</sup> Finishing options must be purchased separately.; <sup>2</sup> Estimated energy and paper savings based on analysis of select HP Managed Print Services customers' imaging and printing operations using data gathered on devices and paper consumption, comparing with post-MPS actuals or projections. Results depend on unique business environments, the way HP products and services are used, and other factors. Overall printing costs are unique to each company and should not be relied on for savings you may achieve. According to industry analysts, savings of up to 30% are typical with managed print services.; <sup>3</sup> Some features of HP Web Jetadmin are not supported on the HP MFP S975.; <sup>4</sup> Security solutions may require additional purchase from HP or third party.; <sup>5</sup> HP Capture and Route requires additional purchase.; <sup>6</sup> Fax capability requires purchase of optional accessory.; <sup>7</sup> An FCC Class A emissions compliant device meets the less stringent (higher) levels of emissions allowed by the FCC for a product operation in a commercial environment. An FCC class A device cannot be marketed for use in a residential environment and an FCC class A device should not be purchased for use in a residential environment due to the increased risk of interference to radio communications.
