

# HP RP2 Retail System Model 2030

Get reliable, robust performance from the HP RP2 Retail System, a stylish, compact, and easily serviceable touchscreen All-in-One (AiO) that's deployable across your business as a customer self-service solution or operator station.

### **Sleek, stylish, and great for small spaces.**

Add versatility to your store with this compact AiO. Flexible mounting options allow you to place it on a counter, tuck it into a kiosk or mount it on a wall or pole.<sup>1,2</sup>

### **Customize it.**

Tailor the system to your environment with your choice of operating system and an expanded portfolio of HP POS peripherals.<sup>3</sup>

### **Efficient, future-proof performance.**

Get consistent uptime in demanding environments with a robust, Quad-Core Intel® processor,<sup>4</sup> Intel graphics, up to 8 GB RAM,<sup>5</sup> and your choice of storage.

### **Reliability you can trust.**

Be comfortable around spills and splashes—the IP54-qualified, sealed fanless design helps prevent them from entering the system, which is also designed for extended use and tested for impacts and vibrations.

### **Additional Features**

- Customize your solution and select an HP POS peripheral<sup>3</sup> that connects to any of the three USB ports around the edge of the display.
- Accept a range of cards and support hardware-enabled Triple DES and AES encryption with the HP Integrated Single-Head MSR.<sup>3</sup>
- Deliver easily readable transaction information to customers with the HP Retail Integrated 2x20 Display.<sup>3</sup>
- Display customer transactions and share engaging, colorful, dynamic content with the HP Retail Integrated 7-inch CFD.<sup>3</sup>
- Quickly and accurately read 1D and 2D barcodes with the HP Retail Integrated Barcode Scanner.<sup>3</sup>
- Enhance security at the point of sale and enable employee biometric authentication with the HP Retail Integrated Fingerprint Reader.<sup>3</sup>
- Personalize the customer experience with online/remote representatives, or enable remote tech support with the HP Retail Integrated Webcam.<sup>3</sup>

You won't be down for long with HP Advanced Exchange Service for your point of sale products, which includes support coverage for up to 6 attached peripherals. Get high quality remote troubleshooting assistance and, if needed, a replacement will arrive with shipping included, then just send your failed unit back to HP in pre-paid packaging.

**Product number: U9AC1E**

## Messaging Footnotes

<sup>1</sup> Provide proper ventilation per the user guide.

<sup>2</sup> Mounting hardware sold separately.

<sup>3</sup> Optional features sold separately or as add-on features.

<sup>4</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

<sup>5</sup> Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.

## Technical Specifications Footnotes

<sup>1</sup> Not all features are available in all editions of Windows 8 and Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows 8 and Windows 8.1 functionality. See <http://www.microsoft.com>.

<sup>2</sup> Not all features are available in all editions of Windows 7. This system may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows-7/> for details.

<sup>3</sup> This system is preinstalled with Windows 7 Pro software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

<sup>4</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

<sup>5</sup> Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.

<sup>6</sup> For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) and up to 30 GB (for Windows 8.1) of system disk is reserved for system recovery software.

<sup>7</sup> 802.11 requires wireless access point and internet service. Availability of public wireless access points limited.

<sup>8</sup> HD content required to view HD images.

<sup>9</sup> Integrated Intel HD graphics uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

<sup>10</sup> External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.
