Notes

- ¹ Mobile device needs to be connected directly to the Wi-Fi Direct signal of a Wi-Fi Direct-supported AiO or printer prior to printing. Depending on mobile device, an app or driver may also be required. For details, see hp.com/go/mobileprinting. Wi-Fi Direct is a registered trademark of Wi-Fi Alliance®.
- ² Local printing requires mobile device and printer to be on the same network or to have a direct wireless connection. Remote printing requires an Internet connection to an HP web-connected printer. For details on how to print, including whether an app is required, see hp.com/go/mobileprinting.
- ³ Best-in-class performance claim compares all inkjet colour mobile printers as of October 2015 based on market share as reported by Q2 2015 IDC, based on manufacturer's published specifications.
- ⁴ HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
- ⁵ Printing speeds may vary depending on the power source. Excludes first set of ISO test pages. For details, see hp.com/go/printerclaims.
- ⁶ Average yield based on ISO/IEC 24711 or HP testing methodology and continuous printing. Actual yield varies considerably based on content of printed pages and other factors. For details see hp.com/go/learnaboutsupplies.
- ⁷ Printer requires ePrint account registration. App or software may be required. Wireless operations are compatible with 2.4 GHz operations only. Learn more at hp.com/go/mobileprinting.
- ⁸ Supports USB charging in OFF mode when connected to a 1A-minimum-charge-capable USB charging port.
- ⁹ HP Fast Charge Technology recharges your standard battery up to 90% within 90 minutes when charging from an AC power source and with the system off. When the printer is powered on, charge time may increase and will vary based on usage.
