

HP 260 G2 Desktop Mini PC

The fully functional HP 260 Desktop Mini PC delivers the benefit of space saving design that can grow with your business and is equipped with the essential tools you need at an affordable price.

HP recommends Windows 10 Pro.

- Windows 10 Pro¹
- 6th Generation Intel® Core™ Processors²

Work confidently without the cost

Get the affordably priced business ready desktop mini with the accessories³ and optional HP services³ you need plus power saving processors to help lower energy costs.

Small design, big versatility

The industrial design of the compact desktop mini with flexible mounting options³ and optional accessories³ help support a versatile range of use cases from desktop to public computing to digital signage.

Powered to perform

Accomplish tasks with 6th Gen Intel® processors² and Intel® HD Graphics³ with the option to scale up to Core™ i5² and up to 32GB of DDR4 memory³ if your workload demands it.

Ready to grow

The system of accessories and expansion capabilities of the HP 260 Desktop Mini provide multiple options within one line of products to fit the needs of your diverse work environment.

Featuring

- Help secure the future of your business. PCs from HP make the most of Windows 10 Pro¹ to protect you from today's security threats and maximize management and productivity features for business.
- Do your part to reduce energy use and costs with processors that help consume less than half the energy of those in other mini PCs.
- Take advantage of expandable and compatible HP mini accessories. Expand storage options,³ add legacy ports with expansion modules, help secure your device with security mounts,³ or take back your desk space with stands and work centers.³
- Do more on dual displays with an HDMI port and full HD VGA port, plus use 6 USB ports to plug in all the peripherals you need.
- Help keep your investment safe and conveniently power up your desktop mini directly from the keyboard so you don't have to open enclosures or strain for the power button when it's out of reach.
- Choose a standard hard drive or upgrade to a speedy and reliable solid state drive.³
- Easily secure your system in a safe place. The lightweight desktop mini is easy to carry and store.
- The embedded Trusted Platform Module (TPM) provides hardware-based encryption to help secure your data and deter attacks from viruses and malware.

HP 260 G2 Desktop Mini PC Specifications Table

HP 260 G2 Desktop Mini PC

Accessories and services (not included)

HP V223 21.5-inch Monitor

Easily multi-task across your documents and e-mail with the HP V223 21.5-inch Monitor, a budget-friendly display that's just right for everyday business.

Product number: V5G70AA

HP Quick Release Bracket

HP Quick Release is an easy to use, 100 mm VESA-compliant, LCD monitor mounting solution that allows you to quickly and securely attach a flat panel monitor to a variety of stands, brackets, arms or wall mounts. HP Quick Release can also be used for mounting any combination of devices that are compatible with the 100 mm VESA Flat Display Mounting Interface Standard. The failsafe "Sure-Lock" mechanism snaps the monitor (or mounted device) securely in place, and can be further secured with a theft-deterrent security screw.

Product number: EM870AA

HP Desktop Mini Security/Dual VESA Sleeve

Wrap your HP Desktop Mini PC in the HP Desktop Mini Security/Dual VESA Sleeve to securely mount your PC behind your display, position your solution on a wall, and lock it down with the optional HP Ultra-Slim Cable Lock.

Product number: G1K22AA

HP Desktop Mini 500GB Hard Drive I/O Module

Add an extra hard drive to your HP Desktop Mini PC and enable compatibility with your existing and legacy peripherals with the HP Desktop Mini 500GB HDD/I/O Module.

Product number: K9Q82AA

HP USB Conference Keyboard

Drive your Microsoft Lync voice and video calls directly from your HP USB Conference Keyboard and connect, disconnect, and manage your calls and videoconferencing settings with simple dedicated keys¹.

Product number: N8N57AA

HP Desktop Mini LockBox

Fortify your HP Desktop Mini in a range of settings with the HP Desktop Mini LockBox, HP's most secure enclosure for your PC, power brick, and cable connections.

Product number: P1N78AA

Messaging Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>.

² Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

³ Sold separately or as optional features.

Technical Specifications Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>.

² This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 10 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

⁴ Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

⁵ Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.

⁶ For storage drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) and 30 GB (for Windows 8.1 and 10) of system disk is reserved for the system recovery software.

⁷ Wireless cards are optional or add-on features and requires separately purchased wireless access point and internet service. Availability of public wireless access points limited.

⁸ HD content required to view HD images.

⁹ Optional or add-on features.

¹⁰ ePrint requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/eprintcenter). Print times and connection speeds may vary.

¹¹ HP Support Assistant requires Windows 7 or later edition or Linux and internet access.

¹² EPEAT® registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country. See HP's 3rd party option store for solar energy accessory www.hp.com/go/options.

¹³ The following applies to HP systems with Intel Skylake or next-generation silicon chip-based system shipping with Windows 7, Windows 8, Windows 8.1 or Windows 10 Pro systems downgraded to Windows 7 Professional, Windows 8 Pro, or Windows 8.1: This version of Windows running with the processor or chipsets used in this system has limited support from Microsoft. For more information about Microsoft's support, please see Microsoft's Support Lifecycle FAQ at <https://support.microsoft.com/lifecycle>

¹⁴ Intel® Turbo Boost technology requires a PC with a processor with Intel Turbo Boost capability. Intel Turbo Boost performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information.
